CHAPTER V

CONCLUSION AND SUGESTION

A. CONCLUSION

WhatsApp is free to download a mobile messaging app. WhatsApp uses the Internet to share messages, photographs, audio or video. The service is somewhat similar to text messaging systems, but since WhatsApp uses the Internet to send messages, the cost of using WhatsApp is substantially lower than texting. But sometimes the text of SMS makes the reader more confused and disturbed, because type of politeness in sending SMS. The type of politeness was very important in our communication. Politeness is not only apparent from speech, but also from other things, such as attitudes and actions that have the power to make someone else. Based on analysis in students politeness, the researcher found 2 type of politeness, they are : 1. Bald of record, and 2. Negative politeness. Most of their message did not be carefully in wrote message, so it can be confused the reader to understanding. After analyzing the problem, the researcher would like to conclude about the total types of politeness. The researcher found that female more politeness that male. Total of 38 message in Negative politeness, and 2 message in Bald of record. This is influence by the three aspect of FTA such as Power, Distance and Ranking.

B. SUGGESTION

Based on the conclusion above, there are some suggestions that can be useful for the readers, the lecturer and the next researchers about students politeness.

1. The readers

   They can understand about the knowledge about strategy of politeness in sending WhatsApp.
2. The lecturers

The lecturer can take it as a reference knowledge about the strategy of politeness in WhasApp.

3. The next researchers

   They can take this research as a reference and valuable source. This research also can be guidance for the next researcher.
