ACKNOWLEDMENT

The author's praise and gratitude say to Allah SWT, for all His Mercy, give pleasure, health, and opportunity to the author so that this research can be completed properly and in accordance with the planned time.

The thesis entitled **"The Implementation of Chemistry Learning Materials Integrated Spiritual Values with Discovery Learning Model for Senior High School Students"**, was prepared to obtain a bachelor's degree in Chemistry Education, Faculty of Mathematics and Natural Sciences, UNIMED.

On this occasion, the author would like to thank for: Mr. Dr. Ayi Darmana, M.Si, as a thesis supervisor who has provided guidance, advice, and motivation to the author from the beginning of the research until the completion of the writing of this thesis. Thanks are also conveyed to Mr. Agus Kembaren, S.Si, M.Si., Mr. Drs. Jasmidi, M.Si., and Mrs. Nora Susanti, S.Si, Apt, MSc who have provided input and suggestions for improving this thesis starting from the beginning of the research until the completion of this thesis. Thank you to Mr. Dr. Ajat Sudrajat, M.Si as an academic advisor and all of the lecturer in Bilingual Chemistry 2014 and also for all Staff of the Chemistry Department of FMIPA Unimed who have provided knowledge and assisted the writer during the lectures. Thank you to the all school teachers who have educated the authors so that the writer can get a bachelor's degree. Thanks are also extended to the Principal H. Yahya, S.Pd, M.Si, Deputy Principal Mrs. Ernawati, S.Pd, and Mrs. Irma Sary, S.Pd as Chemistry teachers and all of students class XI MIA-2 and MIA-4 at SMA Negeri 1 Rantau Selatan who have had many help the author throughout the research process.

The author especially thanks a lot for my parents namely Father's Roitoman Sihombing, S.Km and Mother's Dasniar Koto who fought hard in educating and sending me to school and praying for me so that I could get a bachelor's degree and complete my studies at UNIMED. Especially the author say thank you to my younger siblings Rassya Khairunnisa Sihombing and Rizki

Akbar Firman Sihombing along with the whole extended family who have encouraged and prayed for the author in the completion of the thesis.

Thank you also to Ardi Tri Zahari who has been encouraging, motivating, praying and always listening to all the complaints of the author, as well as entertaining the author to eliminate boredom in the preparation of the thesis. And to author best friend Yunita Khayrani, S.Pd, who has taken the time and provided her energy to assist in the preparation of the thesis until the completion of the thesis. Thanks also to author best friends: Sassy Squad, David Susilo Budi, Elsa Sri Handayani, Ayu Rambe who always give motivation, advice, pray for and entertain the writer to eliminate boredom in the preparation of the thesis. And special thanks for all friends of the Bilingual Chemistry 2014 who gave author considered the best family during the 4-year study at UNIMED. The author has tried as much as possible in the completion of this thesis, but the author realizes there are still many weaknesses in terms of both content and grammar, for that the author expects constructive suggestions and criticisms from the reader for the perfection of this thesis. Hopefully the contents of this thesis are useful in enriching educational knowledge.
