

CHAPTER V

CONCLUSION AND RECOMMENDATION

5.1. Conclusion

There are several conclusion can be drawn :

1. Base on the result of Student learning outcome, we found there is a significant effect of applying technique concept map on the student learning outcome Ecosystem topic of the students class X SMA AL ULUM MEDAN Academic year 2012/2013.

5.2.1. Recommendation

Having discussed the finding of this research, there are several suggestion to be considered :

1. Biology teachers are encouraged to apply the technique concept map as one of the biology teaching.
2. The result of this research can be a consideration for biology teacher in order to develop teaching and learning process on biology subject, in accordance to the improvement of students learning outcomes.
3. Teacher should actively assign students of bilingual or international class to engage in learning activities . Learning evaluation tools can be a source for developing their understanding on biological topic.
4. In order for this study can serve as a source of information for students or other researchers who want to conduct similar research on time and different objects.
