

LIST OF TABLE

	Page
Table 2.1 The Examples of Naming Binary Compounds	19
Table 2.2 The Examples of Naming Polyatomic Compounds	20
Table 2.3 The Examples of Naming Acid Compounds	20
Table 3.1 Research Design (Two Groups, Pretest and Pos Test)	24
Table 3.2 Instrument Specification	26
Table 4.1 The Result of Analysis of Book Code A On Topic Redox Reaction	34
Table 4. 2 The Result of Analysis of Book Code B On Topic Redox Reaction	36
Table 4.3 The Result of Analysis of Book Code C On Topic Redox Reaction	38
Table 4.4 The Result of Analysis of Book Code D On Topic Redox Reaction	40
Table 4.5 The Result of Analysis of Book Code EA On Topic Redox Reaction	42
Table 4.6 The average of content, extension, depth, design and language of chemistry text book that analyzed by expert team	43
Table 4.7 The Result of Questionnaire Interactive Learning Module Standardization by Chemistry Lecturer and Teachers	45
Table 4.8 Result of Percentage of Improved Student's Learning Outcomes	49
