This thesis with title “ *The Implementation of Contextual Teaching and Learning with Multimedia Based on Computer to Grow Communicative and Increase Student Achievement and in Hydrocarbon Topic*” has been arranged to obtain of Sarjana Pendidikan in Department of Chemistry, Faculty of Mathematic and Natural Science, State University of Medan.

In this opportunity, I would like to express the great appreciation to Prof.Dr. Ramlan Silaban, M.Si nad also (the late) Prof. Dr. Suharta, M.Si, as my thesis supervisor that gives so many guidance and suggestion to prepare this thesis and Prof. Drs. Manihar Situmorang, M.Sc., Ph.D., Dr. Ajat Sudrajat, M.Si., and Drs. Jamalum Purba, M.Si as the thesis examiners for their advices, suggestion, guidance, comment and correction for completing this thesis. and Also to Eddyanto Ph.D as the writer’s academic supervisor. And also to Prof. Dr. Ramlan Silaban, M,Si, Dr. Retno Dwi Suyanti M.Si and Drs Jamalum Purba, M.Si as validator of research instrument.

I also says thanks to Prof. Drs. Motlan, M.Sc., Ph.D., as the dean faculty of Mathematic and Natural Science, State University of Medan, then Prof. Dr. Herbert Sipahutar, M.S., and Prof. Dr.rer.nat. Binari Manurung, M.Si as head of Bilingual Program. And also to Dr. Iis Siti Jahro, M.Si as the secretary of Bilingual Program.

I gratitude also thanks to principal of SMAN 1 Sunggal, Drs. Ramli Siregar, principal of MAS PAB, M.Si. Drs. H.M. Fauzi, MA, principal of SMAN 16, Dra Hj.Sri Irawati, M.Pd. Then also to teachers, Dra. T. Br Ginting M.Si,

R Pardede S. Pd, M.Si and Elvi Syafrini M.pd who has given their helping, motivation and support to finish this research.

The deepest and special gratitude, appreciation and love to my beloved parents, Drs Marwan Lubis and Dra Mega Erni Siregar for their endless love, support, prays, motivation and careness and also to my beloved brothers, Doli Maulana Gama Samudra Lubis that most stubborn in our home and Dimas Fadhillah M. Akbar Lubis that most “unyu unyu” because always wasting our food in our home but they give me the meaning of true family. And this thesis dedicated to my Opung Rambe (the late) that always wants be the first go to my Graduation day.

And special thanks also goes to my best friend, Nurul (ndut,that crazy of food), Shanty (santo, my most dilligent friend), Ika (tonenk, my rival for handsome korean idol/actor), fredika (mbak fred, my friend that most stubborn) and Nia (nia rahmania, my kindness friend) that accompany me during in university, always with me trough in happy time and sad time during be a student and that give me surprise in my birthday that never forgeted. Also would like say thanks for all my classmate in Bilingual Chemistry '10 Ilmi (offer of PHP), Rudi (the stranger's friend in class), Cici (the older one in class), Andre (best couple in class), Debby (the most kreak in class), Dewi, Ferry, Mora, Lina (Funniest'friend), Indra (the best labil komting), Rayhan (religious girl), Nike (that always share korean drama to me) , Nitta, Yogi (the smartest boy in class), Yasir (the best boy in class) and Rabiah, that make me feel what is true classmate and there no more crazy than hanging out with all of you guys.

And special thanks for my friend in rest house jln M. Yakub no 130, Shofiyah (that always grepe2 me in our room), Tari (the sensual girl if she dancing) and Ari (most crazy if she disturb abang malaysia in font of our kos) and Melisa (the best style sleep time and sensasional) that give me support and discussion to finishing this thesis. Also to my thesis team, Fenny and Anggi that always together meet our thesis supervisor and to solve problem of this thesis .

And the last for Jannah (most wise friend in kos gang jambu) and Nadiroh (the smooth girl in old kos) for their kindness in early years in university and accompany me from PAMB until now. And say thanks to my friends in PPLT SMAN 2 Kisaran Shelly, Kiki, Kartika, Uli, Sartika, Rofi, Tri, Dian, Elfan and Eska that accompany in during become real teacher and give me unforgettable moment. .

Finally, I say thanks to all my video in laptop (music video, film and drama), music video of India, Super Junior (especially Kyuhyun), EXO (especially Kriss and Luhan), Infinite (especially Hoya and Woo Young) and another korean Boyband that make my brain refresh after watching them and accompany me in doing my thesis until early morning.

The writer hope this thesis would be useful for everyone who like to explore more about about learning method and learning media that suitable to learn hydrocarbon and another subject in chemistry.

Medan, Juli 2014
