CHAPTER I INTRODUCTION

1.1 Research Background                                               1
1.2 Problem Identification                                             5
1.3 Research Scope                                                    5
1.4 Problem Formulation                                                5
1.5 Research Objective                                                6
1.6 Research Benefit                                                  6

CHAPTER II LITERATURE STUDY

2.1 Innovative Learning Module                                         8
2.1.1 Procedure of Writing Module                                     11
2.1.2 Module and Textbook in Education                                14
2.2 Curriculum 2013 for SHS                                            17
2.3 Chemistry Subject in Curriculum 2013                               18
2.4 Chemistry Module as Teaching Media                                 25
2.5 Innovation of Learning Media in Chemistry                          26
2.6 Laboratory Experiment in Chemistry                                27
2.7 Innovation of Learning Media in Chemistry                          28
2.8 Chemistry Subject on Acid – Base Titration Based on Curriculum 2013 29
2.8.1 Basic Concept of Acid – Base Titration                          29
CHAPTER III RESEARCH METHODOLOGY

3.1 Research Overview 34
3.2 Research Location and Time 34
3.3 Research Population and Time 34
3.4 Research Variable and Instrument 35
3.5 Research Design 34
3.6 Research Procedure 38
3.7 Data Analysis Technique 41
  3.7.1 Descriptive Analysis 42
  3.7.2 Inferential Analysis 43
  3.7.2.1 The Homogeneity Test 43
  3.7.2.2 The Hypothesis Test 43
  3.7.2.3 The Percentage of Effectivity 44

CHAPTER IV RESULT AND DISCUSSION

4.1 Survey of High School Bilingual Chemistry Textbook 45
4.2 Descriptive Analysis of High School Bilingual Chemistry Textbook 46
4.3 Development of Innovative Chemistry Learning Module 49
4.4 Developed Research Instrument 51
4.5 Standardization of Innovative Chemistry Learning Module 51
4.6 Inferential Analysis 52
  4.6.1 The Normality Test 52
  4.6.2 The Homogeneity Test 53
4.7. Effectivity of Innovative Learning Module on The Teaching of Acid – Base Titration 52
4.8. The Percentage Average of Student’s Achievement 58
4.9. The Percentage of Effectivity 59
4.10. Discussion 59

CHAPTER V CONCLUSION AND SUGGESTION

5.1 Conclusion 63
5.2 Suggestion 64
