LEMBAR PERSETUJUAN DAN PENGESAHAN .............................. ii
KATA PENGANTAR .............................................................................. iii
ABSTRAK ........................................................................................... vi
DAFTAR ISI ............................................................................................. viii
DAFTAR TABEL ................................................................................... xi
DAFTAR GAMBAR ................................................................................ xii
DAFTAR LAMPIRAN ............................................................................ xiii

BAB I PENDAHULUAN ......................................................................... 1
  1.1. Latar Belakang Masalah ............................................................... 1
  1.2. Identifikasi Masalah .................................................................. 7
  1.3. Pembatasan Masalah ................................................................ 8
  1.4. Rumusan Masalah .................................................................... 9
  1.5. Tujuan Penelitian .................................................................... 9
  1.6. Manfaat Penelitian ................................................................... 9

BAB II KAJIAN PUSTAKA .................................................................... 11
  2.1. Kerangka Teoritis .................................................................... 11
     2.1.1. Kecerdasan Emosional ....................................................... 11
     2.1.2. Pemanfaatan Media Pembelajaran Berbasis Teknologi
            Informasi dan Komunikasi ...................................................... 18
     2.1.3. Hasil Belajar Akuntansi ...................................................... 26
  2.2. Penelitian yang Relevan ............................................................ 29
BAB III METODE PENELITIAN ......................................................... 35
3.1. Lokasi Penelitian dan Waktu .......................................................... 35
3.2. Populasi dan Sampel ...................................................................... 35
  3.2.1. Populasi ................................................................................. 35
  3.2.2. Sampel ................................................................................... 35
3.3. Variabel Penelitian dan Defenisi Operasional ................................. 36
  3.3.1. Variabel Penelitian ............................................................. 36
  3.3.2. Defenisi Operasional ........................................................... 36
3.4. Teknik Pengumpulan Data ............................................................. 37
  3.4.1. Metode Angket ...................................................................... 37
  3.4.2. Metode Dokumentasi ............................................................ 38
3.5. Uji Instrumen Penelitian ................................................................. 39
  3.5.1. Uji Validitas Angket ............................................................. 39
  3.5.2. Uji Reliabilitas Angket ......................................................... 40
3.6. Teknik Analisis Data ...................................................................... 41
  3.6.1. Uji Asumsi Klasik Regresi ..................................................... 42
    1. Uji Normalitas Pada Model Regresi ........................................... 42
    2. Uji Multikolinearitas ................................................................. 43
    3. Uji Autokorelasi ...................................................................... 43
    4. Uji Heteroskedastisitas ............................................................ 43
  3.6.2. Analisis Regresi ................................................................. 44
    1. Pengujian Hipotesis Secara Parsial (Uji t) ............................... 45
2. Pengujian Hipotesis Secara Simultan (Uji F) .......................... 46

BAB IV HASIL PENELITIAN DAN PEMBAHASAN .......................... 49

4.1. Hasil Penelitian ........................................................................ 49

4.1.1. Gambaran Umum Objek Penelitian .................................. 49

4.1.2. Pengujian Instrumen ............................................................ 50

1. Uji Validitas .............................................................................. 50

2. Uji Reliabilitas ......................................................................... 51

4.1.3. Uji Asumsi Klasik ............................................................... 52

1. Uji Normalitas .......................................................................... 52

2. Uji Multikolinearitas ................................................................. 55

3. Uji Autokorelasi ........................................................................ 56

4. Uji Heteroskedastisitas .............................................................. 57

4.1.4. Analisis Regresi ................................................................. 57

1. Pengujian Hipotesis Secara Parsial (Uji t) ............................... 59

2. Pengujian Hipotesis Secara Simultan (Uji F) ......................... 60

3. Analisis Koefisien Determinasi (R\textsuperscript{2}) ................. 61

4.2. Pembahasan Hasil Penelitian .................................................. 61

BAB V KESIMPULAN DAN SARAN ................................................. 66

5.1. Kesimpulan ............................................................................ 66

5.2. Saran ....................................................................................... 67
