ABSTRAK ............................................................................................................................ i
KATA PENGANTAR .............................................................................................................. ii
DAFTAR ISI ........................................................................................................................ iv
DAFTAR TABEL ................................................................................................................... vii
DAFTAR GAMBAR .............................................................................................................. viii
DAFTAR LAMPIRAN ............................................................................................................ ix

BAB I PENDAHULUAN ........................................................................................................ 1
   A. Latar Belakang Masalah .............................................................................................. 1
   B. Identifikasi Masalah ................................................................................................... 5
   C. Pembatasan Masalah ................................................................................................. 5
   D. Rumusan Masalah ..................................................................................................... 6
   E. Tujuan Penelitian ....................................................................................................... 6
   F. Manfaat Penelitian .................................................................................................... 6

BAB II KERANGKA TEORETIS, KERANGKA KONSEPTUAL DAN HIPOTESIS PENELITIAN ......................................................................................................................... 8
   A. Kerangka Teoretis ..................................................................................................... 8
      1. Metode Pembelajaran Karyawisata ...................................................................... 8
         a. Langkah-langkah Pelaksanaan Metode Karyawisata .................................. 10
         b. Kelebihan Metode Karyawisata .................................................................. 14
         c. Kekurangan Metode Karyawisata ................................................................ 15
         d. Cara Mengatasi Kelemahan-kelemahan Metode Karyawisata ............... 16
      2. Kemampuan Menulis Laporan Pengamatan ....................................................... 17
         a. Hakikat Kemampuan Menulis ................................................................. 17
         b. Laporan Pengamatan ................................................................................... 17
         c. Syarat Menulis Laporan .............................................................................. 19
            a) Isi Karangan .......................................................................................... 19
               (a) Kesatuan dan Ketuntasan .............................................................. 19
               (b) Kepadauan Makna (koheren) ...................................................... 20
(c) Kepaduan Bentuk ................................................................. 20
b) Pilihan Kata (Diksi) ............................................................... 21
c) Penggunaan Ejaan ................................................................. 21
d. Dasar- dasar Pengamatan .......................................................... 22
   a) Pemberi Laporan ................................................................. 22
   b) Penerimaan Laporan ............................................................ 22
   c) Tujuan Laporan ................................................................. 22
e. Sifat-sifat Laporan ................................................................. 22
f. Fungsi Laporan ................................................................. 23
B. Kerangka Konseptual .............................................................. 24
C. Hipotesis Penelitian ............................................................... 25

BAB III METODOLOGI .................................................................... 26
A. Lokasi dan Waktu Penelitian .......................................................... 26
   1. Lokasi Penelitian ................................................................. 26
   2. Waktu Penelitian ................................................................. 26
B. Populasi dan Sampel ................................................................. 26
   1. Populasi ............................................................. 26
   2. Sampel ................................................................. 27
C. Definisi Operasional Variabel Penelitian ................................................. 28
D. Metode Penelitian ................................................................. 28
E. Desain Penelitian ................................................................. 29
F. Instrumen Penelitian ............................................................... 30
G. Jalannya Eskperimen ............................................................... 33
H. Organisasi Pengolahan Data .......................................................... 34
I. Teknik Analisis Data ................................................................. 35

BAB 4 HASIL PENELITIAN DAN PEMBAHASAN ........................................... 38
A. Hasil Penelitian ................................................................. 38
   1. Deskripsi Data ................................................................. 38
   2. Analisis Data ................................................................. 41
      a. Analisis Data Sebelum(Pre-Test) ......................................... 41
      b. Analisis Data Sesudah(Post-Test) ...................................... 43
3. Uji Persyaratan Analisis Data ................................................................. 45
   a. Uji Normalitas Data Pre-Test (Variabel X) ................................. 45
   b. Uji Normalitas Data Pre-Test (Variabel Y) ................................. 47
4. Uji Homogenitas ............................................................................... 49
5. Uji Hipotesis ................................................................................... 50

B. Temuan Penelitian .............................................................................. 51
C. Pembahasan Hasil Penelitian .............................................................. 52

BAB 5 SIMPULAN DAN SARAN ............................................................... 56

A. Simpulan ......................................................................................... 56
B. Saran ............................................................................................... 57
C. Daftar Pustaka .................................................................................. 58
