

CHAPTER V CONCLUSION AND SUGGESTIONS

A. Conclusion

The result of calculation of t-test showed that t-test value 3,561 with the degree of freedom (df) = 58 is higher than t-table 2,004 at the level significance ($p=0,05$) which implies that the alternative hypothesis is accepted. It can be concluded that there is a significant effect of applying Discussion Strategy on the students' achievement in writing descriptive text.

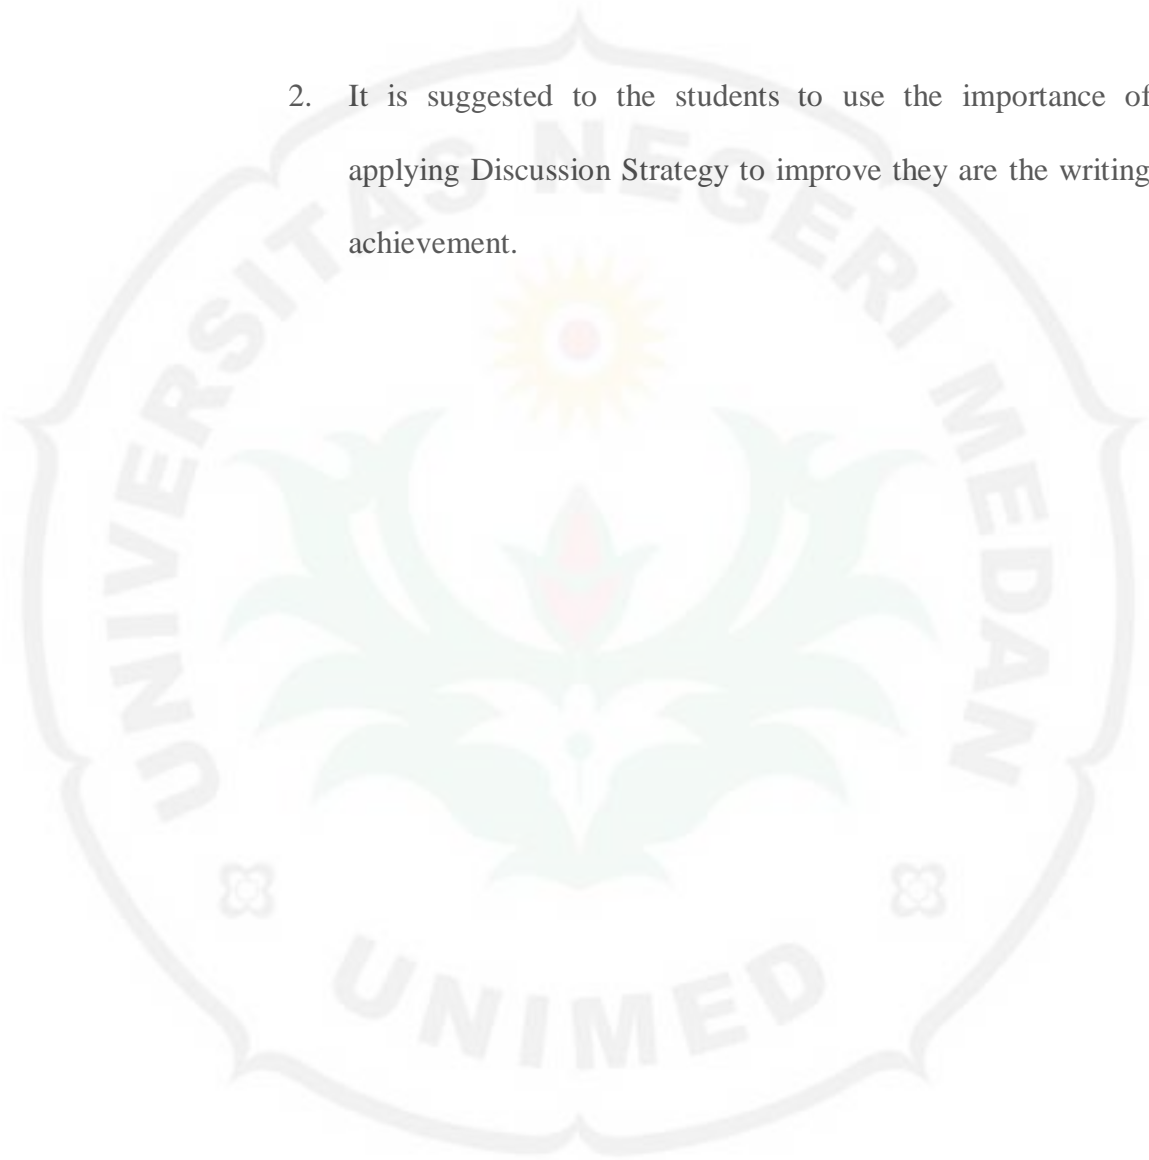

There is a significant effect of applying Discussion Strategy on the students' achievement in writing descriptive text. The students' achievement through applying Discussion Strategy is higher than the students' achievement through applying Conventional Strategy in writing descriptive text.

B. Suggestions

Based on the result of the study, the suggestion can be stated the following :

1. It is suggested to the teachers to apply Discussion Strategy in teaching descriptive text because it is an interesting strategy so the students like to follow lesson.

2. It is suggested to the students to use the importance of applying Discussion Strategy to improve they are the writing achievement.
