CHAPTER V
CONCLUSION AND SUGGESTIONS

This chapter presents the conclusion of the result of the study that has been discussed in previous chapters and suggestion for English teachers and students and another researcher.

A. Conclusions

After presenting the data analysis in the previous chapter, the writer wants to present the conclusion. The conclusion consists of several points that are related to the statements of problem, there are:

1. The types of errors in using possessive pronoun and possessive adjective in descriptive text by eleventh grade students at SMP Negeri 3 Air Putih were errors of omission, addition, substitution and mis-ordering.

2. The most dominant type of error made by the students in using possessive pronoun and possessive adjective in descriptive text was substitution.

3. The causes possessive pronoun and possessive adjective error find in descriptive text by the eleventh grade students at SMP Negeri 3 Air Putih were interlingual transfer. Interlingual transfer which is caused of the interference of first language and intralingual transfer caused by false concept hypnotized.
B. Suggestions

The following suggestions are offered to solve the problems of learning which causes common errors, namely:

1. For the teacher
   a. The teachers as the source of guidance can plan her or his remedial teaching programs much better in the future especially on the teaching of possessive pronoun and possessive adjective in descriptive text.
   b. The teacher should use an interesting method that can help students to memorize easier and remember different between possessive pronoun and possessive adjective. The teacher can use new method such as talking stick or group discussion.
   c. The teacher should give more exercises continuously to their students.

2. For students
   a. The students, especially Indonesian student should know the use of possessive pronoun and possessive adjective is very important in descriptive text.
   b. The students have memorizing the possessive pronoun and possessive adjective form.
   c. The students are suggested to pay more attention to their study of English in order to improve their mastery of possessive pronoun and possessive adjective in descriptive text.
3. For other Researcher

Other researchers to add their information related to this study about error analysis in the use of possessive pronoun and possessive adjective in descriptive text.
