

## **CHAPTER V CONCLUSION AND SUGGESTION**

### **A. Conclusions**

Based on the analysis of the utterances in A Letter to Juliet Movie in the previous chapter, it can be concluded that:

1. The result of the analysis showed that are positive and negative politeness strategies. There are fifteen strategies of positive politeness and twelve strategies of negative politeness in A Letter to Juliet movie.
2. The most dominant politeness strategy that used by main character in A Letter to Juliet movie was positive politeness strategy. Intensify interest to hearer is dominant type of positive politeness strategy. Because main character mostly just shared about her experience and inform to other.
3. The context of the positive politeness strategy occurred when main character spoke with unknown and older people.

### **B. Suggestion**

In relation to the conclusion, it is suggested that:

1. For other researchers as the references in guiding to collect further information of politeness strategies.
2. The readers can choose the politeness strategies as the object of research, because many interesting aspects can be especially in the movie.
