CHAPTER V
CONCLUSIONS AND SUGGESTIONS

A. Conclusion

From the data analysis, the objective of this research is to find out the types of illocutionary acts and to describe the reason why the illocutionary act occurs on Naruto’s dialogue. This research is conducted by descriptive qualitative design. After analyzing the data, conclusion can be drawn as follows:

1. There are five types of illocutionary acts found in Naruto as main character in Naruto Shippuden Movie – Road to Ninja. There are Declarative, Representative, Expressive, Directive, and Commisive.

2. Illocutionary acts occurs on Naruto’s dialogue in Naruto shippuden Road to Ninja because the character makes an utterances. In utterance, Naruto performs an illocutionary act in using a particular locution to refer. When Naruto uttered something, he need to be response, and how Addressor speaks and addressee responses that is illocutionary acts.

B. Suggestion

By considering the conclusions above, there are some suggestions offered:

1. The student who want to conduct further research in Illocutionary acts especially in animation movie is suggested to understand the story and important role in interpreting utterances to get the intended meaning. It’s not difficult to know the intended meaning of the utterances if a person knows the story.
2. For other researcher who want to have clearer vision of the types of illocutionary acts application in society or for those who want to make further research about the use of illocutionary acts in society may have this thesis as a references

3. Beside the students, everyone is also important to study the types of illocutionary acts, because by understanding this material, it would be easier for them to understand why and what for purpose produces an utterance.
