LIST OF APPENDICES

Appendix A Reading Comprehension Test .......................................................... 43
Appendix B The Score of Pre-test and Post-Test Experimental Group ............. 51
Appendix C Score of Pre-test and Post-Test Control Group .............................. 52
Appendix D The Calculation of t-test in Experimental Group ........................... 53
Appendix E The Calculation of t-test in Control Group ..................................... 54
Appendix F The Homogeneity of Variance in Experimental and Control Group 57
Appendix G Test for Distribution of Frequency in Experimental Group ............ 59
Appendix H Test for Distribution of Frequency in Control Group ..................... 63
Appendix I Testing Normality in Experimental Group ...................................... 67
Appendix J Testing Normality in Control Group ................................................ 71
Appendix K The Calculation of Mean and Standard Deviation .......................... 75
Appendix L Percentage Points of the Distribution ............................................ 79
Appendix M Table of Normality From 0 to Z .................................................... 80
Appendix N List of Testing Liliefors ................................................................. 82
Appendix O Table of F-Distribution ................................................................. 83
Appendix P Lesson Plan ...................................................................................... 84
