## BAB I. PENDAHULUAN

A. Latar Belakang Masalah ................................................................. 1
B. Identifikasi Masalah ......................................................................... 7
C. Pembatasan Masalah ....................................................................... 7
D. Perumusan Masalah ........................................................................ 7
E. Tujuan Penelitian ........................................................................... 8
F. Manfaat Penelitian ....................................................................... 8

## BAB II. KAJIAN PUSTAKA

A. Kerangka Teoritis .......................................................................... 10
B. Penelitian Relevan ......................................................................... 42
C. Kerangka Berfikir ........................................................................... 43

## BAB III. METODOLOGI PENELITIAN

A. Lokasi Penelitian ........................................................................... 46
B. Populasi dan Sampel ....................................................................... 46
C. Variabel Penelitian dan Defenisri Operasional ............................... 47
D. Teknik Pengumpulan Data ............................................................... 50
F. Teknik Analisa Data .............................................................................................................. 52

BAB IV. DESKRIPSI WILAYAH
A. Kondisi Fisik .................................................................................................................. 55
B. Kondisi Non Fisik ............................................................................................................. 60

BAB V. HASIL PENELITIAN DAN PEMBAHASAN
A. Hasil Penelitian ............................................................................................................ 68
B. Pembahasan .................................................................................................................. 78

BAB VI. KESIMPULAN DAN SARAN
A. Kesimpulan .................................................................................................................... 101
B. Saran ............................................................................................................................. 102
