| KATA PENGANTAR   | ................................................................. ii |
| DAFTAR ISI       | ................................................................. iv |
| DAFTAR TABEL     | ................................................................. vii |
| DAFTAR LAMPIRAN  | ................................................................. viii |

### BAB I PENDAHULUAN ................................................................. 1

A. Latar Belakang Masalah ................................................................. 1
B. Identifikasi Masalah ................................................................. 4
C. Pembatasan Masalah ................................................................. 5
D. Rumusan Masalah ................................................................. 5
E. Tujuan Penelitian ................................................................. 6
F. Manfaat Penelitian ................................................................. 7

### BAB II KERANGKA TEORITIS, KERANGKA KONSEPTUAL, DAN HIPOTESIS PENELITIAN

A. Kerangka Teoritis ................................................................. 9

1. Pengertian Efektivitas Metode Demonstrasi ................................ 9
   a. Hakikat Metode Demonstrasi ........................................ 10
   b. Langkah-langkah Metode Demonstrasi .......................... 11
   c. Kelebihan Metode Demonstrasi .................................. 12
   d. Kelemahan Metode Demonstrasi .................................. 12

2. Pengertian Metode Ekspositori ........................................ 14
   a. Hakikat Metode Ekspositori ....................................... 14
   b. Prosedur Metode Ekspositori .................................... 15
   c. Kelebihan Metode Ekspositori .................................. 17
   d. Kelemahan Metode Ekspositori .................................. 18
3. Kemampuan Membaca Indah Puisi ............................................ 19
   a.   Hakikat Kemampuan Membaca Indah Puisi ..................... 19
   b.   Tujuan Membaca Indah................................................... 22
   c.   Langkah-langkah Membaca Indah ................................. 23
   d.   Manfaat Membaca Indah............................................... 24
   e.   Ciri-ciri Puisi .............................................................. 25
   f.   Komponen Pembacaan Puisi.......................................... 25
B. Kerangka Konseptual ......................................................... 28
C. Hipotesis Penelitian ............................................................ 29

BAB III METODOLOGI PENELITIAN .............................................. 30
   A.   Lokasi dan Waktu Penelitian ......................................... 30
   B.   Populasi dan Sampel .................................................... 31
   C.   Metode Penelitian.......................................................... 32
   D.   Desain Penelitian .......................................................... 33
   E.   Jalannya Eksperimen ..................................................... 34
   F.   Instrumen Penelitian....................................................... 37
   G.   teknik Analisis Data ....................................................... 40

BAB IV HASIL PENELITIAN DAN PEMBAHASAN .......................... 45
   A.   Hasil Penelitian ............................................................. 45
       1.   Analisis Data .............................................................. 45
           a.   Kemampuan siswa membaca indah puisi menggunakan
                metode ekspositori ................................................... 45
           b.   Kemampuan siswa membaca indah puisi menggunakan
                metode demonstrasi ............................................... 49
           c.   Kemampuan siswa membaca indah puisi menggunakan
                metode demonstrasi lebih efektif dari pada
                metode ekspositori ......................................................... 53
1. Uji persyaratan Analisis........................................................ 53
   a. Uji Normalitas kelas kontrol ............................................. 53
   b. Uji Normalitas kelas Eksperimen ...................................... 55
   c. Uji Homogenitas.............................................................. 57
   d. Pengujian Hipotesis........................................................... 59

B. Pembahasan Hasil Penelitian ...................................................... 60

BAB V SIMPULAN DAN SARAN ................................................. 64
   A. Simpulan............................................................................. 64
   B. Saran .................................................................................. 65

DAFTAR PUSTAKA ............................................................................ 66
