LIST OF TABLES

Table 1.1 Reading Comprehension Score of X Grade Level Students of SMA Swasta RK Serdang Murni Lubuk Pakam 2015/2016 ............ 3
Table 2.1 INSERT Chart .......................................................... 22
Table 2.2 The Differences between INSERT and SQ3R as Reading Strategy ............... 27
Table 2.3 Where does the curiosity come from .................................................. 28
Table 2.4 Characteristic of High and Low Curiosity ........................................... 32
Table 2.5 INSERT Symbols ........................................................................... 37
Table 3.1 Factorial Research Design 2x2 .......................................................... 46
Table 3.2 The Procedures in reatment ............................................................... 49
Table 3.3 Specification of Students’ Curiosity .................................................. 52
Table 3.4 The Outline of the Students’ Reading Comprehension Test ............... 53
Table 3.5 The Format of Two Way ANOVA .................................................... 56
Table 4.1 Summary of Research Data Description .......................................... 58
Table 4.2 Frequency Distribution of the Score of Students Taught by Using INSERT Strategy .................................................. 59
Table 4.3 Frequency Distribution of the Score of Students Taught by Using SQ3R Strategy .................................................. 60
Table 4.4 Frequency Distribution of the Score of Students with High Curiosity ........................................................................... 61
Table 4.5 Frequency Distribution of the Score of Students with Low Curiosity ........................................................................... 62
Table 4.6 Frequency Distribution of the Score of Students with High Curiosity and Taught by Using INSERT Strategy .................................................. 63
Table 4.7 Frequency Distribution of the Score of Students with Low Curiosity and Taught by Using INSERT Strategy ........................................ 64
Table 4.8 Frequency Distribution of the Score of Students with High Curiosity and Taught by Using SQ3R Strategy ........................................ 65
Table 4.9 Frequency Distribution of the Score of Students with Low Curiosity and Taught by Using SQ3R Strategy ........................................ 66
Table 4.10 Summary on the Result of Normality Test .......................... 67
Table 4.11 The Result of Homogeneity Variance by Using F-test ......... 68
Table 4.12 Summary on the Result of Homogeneity Test by Using Barlett Test .......................................................... 68
Table 4.13 Result of Homogeneity Test on each Sample Groups .......... 69
Table 4.14 Two – Way ANOVA ...................................................... 69
Table 4.15 Summary on Calculation Result of Two –Way ANOVA ........ 70
Table 4.16 Summary of the Calculation Result on Tuckey Test .......... 72
