

ABSTRACT

Arifiani, Fathur Rizqi. *Experiential Function Elements of Male and Female Presenters in Apa Kabar Indonesia Talk Show on TV One*. Thesis. English Applied Linguistics Study Program, Post Graduate School, State University of Medan (UNIMED). 2017

This study deals with the Experiential Function of Male and Female Presenters in *Apa Kabar Indonesia Talk Show on TV One*. This study attempted to investigate the elements of experiential function are used by male and female presenters, to describe how the experiential function are realized and to elaborate the reasons why the experiential function elements are realized in the ways they are. This study was conducted by using qualitative design. The data in this study were the clauses of male and female presenters, and the source of data in this study was *Apa Kabar Indonesia Talk Show on TV one*. The research findings show that all types of process found in the female presenter; material, mental, relational, verbal, behavioral, and existential process. Meanwhile, five types of process found in male presenter; material, mental, relational, verbal, and behavioral process. Existential process didn't find in male presenter. The dominant process used by male presenter was relational process and the dominant participant used was carrier and attributive. Meanwhile, material process found dominantly in female presenter, and the dominant participants were actor and goal. The dominant circumstance of male and female presenter was location. The processes were realized congruently and incongruently. The dominant process used dominantly by female presenters, because male presenter was simpler in the speaking. It can be seen; the text didn't use the existential process which was the process of existing with there and be the verb with no representational function. Meanwhile, the dominant process used dominantly by female presenter, because female presenter concerning physical activity and it is done as real by the actor from the case.

Key words: experiential function elements, talk show, male and female

ABSTRAK

Arifiani, Fathur Rizqi Arifiani. *Experiential Function of Male and Female Presenters in Apa Kabar Indonesia Talk Show on TV One*. Thesis. Program Studi Linguistik Terapan Bahasa Inggris, Sekolah Pasca Sarjana, Universitas Negeri Medan (UNIMED).

Penelitian ini membahas *Experiential Function of Male and Female Presenters in Apa Kabar Indonesia Talk Show on TV One*. Penelitian ini mencoba untuk menyelidiki elemen elemen dari experiential function yang digunakan oleh pembawa acara pria dan wanita, untuk menjelaskan bagaimana experiential function direalisasikan dan alasan mengapa elemen elemen dari experiential function digunakan. Penelitian ini dilakukan dengan menggunakan desain kualitatif. Sumber data adalah ujaran dari pembawa acara pria dan wanita dan sumber data adalah acara *Apa Kabar Indonesia di TV One*. Hasil temuan menunjukkan bahwa semua tipe proses ditemukan pada pembawa acara wanita; proses material, mental, relational, verbal, behavioral, dan existential. Sedangkan, 5 tipe process ditemukan pada pembawa acara pria; material, mental, relational, verbal, dan behavioral. Process existential tidak ditemukan pada pembicara pria. Process dominan yang ditemukan pada pembawa acara pria adalah proses relational dan partisipan dominan adalah carrier and attributive. Sedangkan process material ditemukan paling banyak pada pembawa acara wanita, dan partisipan dominan adalah actor dan goal. Circumstance yang paling banyak digunakan oleh pembawa acara pria dan wanita adalah location. Proses terealisasi secara kongruen dan metaforikal. Proses dominan yang digunakan pembawa acara pria menunjukkan bahwa pembawa acara lebih simple dalam berkomunikasi. Hal tersebut dapat terlihat dari, tidak ditemukannya proses existential dalam ujaran pembawa acara pria. Sedangkan, proses dominan yang digunakan pembawa acara wanita menunjukkan bahwa peran pembawa acara wanita lebih focus kepada aktivitas fisik dan hal itu dilakukan secara nyata oleh actor dari kasus tersebut.
