

ACKNOWLEDGEMENTS

Praise and thank God Almighty for the life given to the author. The author would like to express thanks to Dr. Rahmatsyah, M.Si as the head of Physics Education Department in Medan State University and Dr. Derlina, M. Si as the secretary who have given a lot of advice and guidance to finish this thesis. Also wishes to pass gratitude to supervisor Prof. Motlan, M.Sc., Ph.D and Dr. Sondang R Manurung, M.Pd who have kindly assisted in guiding, directing, revising, and correcting the thesis. To all lecturers and tutors, thank you very much for all of you who have given the knowledge during the study in Physics Education Department.

Finally, the author would like to thank to beloved parents, my wife Yuniarta Idayani Nainggolan, my daughter Joanna Rotua Gultom for their patience to let him continue study until finish this thesis. May God bless all of us.

Medan, September 2018

The author,

Risdo Gultom, S.Pd., M.Pd
