2.1.12. Pencegahan Miskonsepsi ........................................... 25
2.1.13. Identifikasi Miskonsepsi ........................................... 27
2.1.14. Miskonsepsi Biologi .................................................. 28
2.1.15. Konsep Respirasi dan Fotosintesis ................................. 30
2.1.16. Miskonsepsi Respirasi dan Fotosintesis ............................. 33
2.2. Kerangka Konseptual .................................................. 36

BAB III METODE PENELITIAN .............................................. 37
3.1. Subjek Penelitian .................................................. 37
3.1.1. Jenis Penelitian ................................................. 37
3.1.2. Lokasi dan Waktu Penelitian ........................................ 37
3.1.3. Populasi dan Sampel ............................................. 37
3.2. Teknik Pengumpulan Data ............................................. 41
3.3. Teknik Analisis Data .................................................. 44
3.4. Keabsahan Penelitian .................................................. 45
3.4.1. Validitas .......................................................... 45
3.4.2. Reliabilitas ........................................................ 46
3.4.3. Taraf Kesukaran ................................................... 46
3.4.4. Daya Pembeda ..................................................... 46

BAB IV PAPARAN DATA DAN HASIL PENELITIAN ......................... 47
4.1. Paparan Data .......................................................... 47
4.1.1. Deskripsi Lokasi Penelitian ....................................... 47
4.1.2. Deskripsi Responden ............................................... 49
4.2. Hasil Penelitian ...................................................... 53
4.2.1. Identifikasi Miskonsepsi .......................................... 53
4.2.2. Analisis Miskonsepsi .............................................. 55
4.2.3. Pemetaan Miskonsepsi ........................................... 80
4.3. Pembahasan .......................................................... 87
4.4. Keterbatasan Penelitian .............................................. 95
BAB V SIMPULAN DAN SARAN ................................................. 96
  5.1. Simpulan .......................................................... 96
  5.2. Implikasi ......................................................... 96
  5.3. Saran .............................................................. 97
