Abstract ................................................................................................... i
Abstrak .................................................................................................... ii
Kata Pengantar ........................................................................................ iii
Daftar Isi.................................................................................................. v
Daftar Tabel ............................................................................................ vii
Daftar Gambar ......................................................................................... ix
Daftar Lampiran ...................................................................................... x

BAB I PENDAHULUAN ..................................................................... 1

1.1 Latar Belakang Masalah............................................................... 1
1.2 Identifikasi Masalah ................................................................. 10
1.3 Pembatasan Masalah ............................................................... 10
1.4 Rumusan Masalah ................................................................. 11
1.5 Tujuan Penelitian ................................................................... 12
1.6 Manfaat Penelitian ................................................................. 12

BAB II KAJIAN PUSTAKA .............................................................. 14

2.1 Kajian Teoretis ....................................................................... 14
  2.1.1 Hakikat Hasil Belajar Matematika ..................................... 14
  2.1.2 Hakikat Model Pembelajaran .......................................... 24
    2.1.2.1 Hakikat Model Pembelajaran Matematika Realistik ................. 25
    2.1.2.1.1 Pembelajaran Matematika Realistik (PMR) ......................... 25
    2.1.2.1.2 Prinsip Pembelajaran Matematika Realistik (PMR) ............. 29
    2.1.2.1.3 Karakteristik PMR ......................................................... 33
    2.1.2.1.4 Implementasi PMR dalam Kegiatan Belajar Mengajar ........... 34
    2.1.2.1.5 Kelebihan dan kekurangan PMR .................................. 39
  2.1.2.2 Hakikat Model Pembelajaran Means Ends Analysis .............. 46
  2.1.3 Hakikat Kemampuan Berpikir Kreatif ............................... 51
    2.1.3.1 Kreativitas ................................................................. 51
    2.1.3.2 Hakikat Berpikir ......................................................... 53
    2.1.3.3 Hakikat Berpikir Kreatif .............................................. 56
    2.1.3.4 Hakikat Kemampuan Berpikir Kreatif ............................. 59
  2.2 Penelitian Yang Relevan ......................................................... 62
  2.3 Kerangka Berpikir Penelitian .................................................. 64
  2.4 Pengajuan Hipotesis ............................................................... 80
BAB III METODE PENELITIAN.................................................... 81

3.1 Tempat dan Waktu Penelitian........................................... 81
3.2 Populasi dan Sampel Penelitian.................................... 81
3.3 Metode dan Rancangan Penelitian................................. 82
3.4 Definisi Operasional Variabel Penelitian....................... 84
3.5 Prosedur Penelitian Perlakuan...................................... 90
   3.5.1 Prosedur Perlakuan................................................. 90
   3.5.2 Pelaksanaan Perlakuan........................................... 91
3.6 Pengontrolan Perlakuan.................................................. 94
   3.6.1 Pengontrolan Validitas Internal.............................. 94
   3.6.2 Pengontrolan Validitas Eksternal............................ 96
3.7 Teknik Pengumpulan Data dan Instrumen Penelitian........ 97
   3.7.1 Teknik Pengumpulan Data....................................... 99
   3.7.2 Instrument Penelitian............................................ 97
3.8 Uji Coba Instrumen....................................................... 99
   3.8.1 Uji Instrumen Tes Hasil Belajar Matematika.............. 99
       3.8.1.1 Uji Validitas................................................ 100
       3.8.1.2 Uji Reliabilitas............................................. 101
   3.8.2 Uji Instrumen Tes Kemampuan Berpikir Kreatif........ 102
       3.8.2.1 Uji Validitas................................................ 102
       3.8.2.2 Uji Reliabilitas............................................. 103
       3.8.2.3 Indeks Kesukaran......................................... 104
       3.8.2.4 Daya Pembeda............................................... 106
3.9 Teknik Analisis Data...................................................... 107

BAB IV Hasil dan Pembahasan............................................... 109

4.1 Hasil Penelitian............................................................. 109
   4.1.1 Deskripsi Data Penelitian....................................... 109
   4.1.2 Hasil Pengujian Persyaratan Analisis....................... 120
   4.1.3 Pengujian Hipotesis.............................................. 129
4.2 Pembahasan Hasil Penelitian.......................................... 138

BAB V. SIMPULAN, IMPLIKASI, DAN SARAN.......................... 148

5.1 Simpulan.................................................................. 148
5.2 Implikasi.................................................................... 149
5.3 Saran ....................................................................... 151
