ACKNOWLEDGEMENTS

Praise and gratitude to Allah for His mercy and grace that has given strength and patience for the author to finish this thesis. Sholawat and greetings to the Prophet Muhammad , men who have given exemplary choice in the ummah until the end of time is highly anticipated intercession at the end of the day.

This thesis entitled "IMPROVING STUDENTS’ ACHIEVEMENT IN WRITING DESCRIPTIVE TEXTS THROUGH MIND-MAPPING" proposed to fill the requirements of obtaining title a post-graduate in English Applied Linguistics of the State University of Medan.

In writing this thesis writers get a lot of trouble, therefore the authors would like to thank all those who have helped either in the form of moral and material assistance. A great appreciation for spending the valuable time in giving the comments, ideas, and constructive criticism in the process of completing this thesis is given to Prof. Dr. Busmin Gurning, M.Pd. as the Head of English Applied Linguistics, and also as her first advisor. And Dr. Didik Santoso, M.Pd. as the second adviser. And also to Prof. dr. Sumarsih, M.Pd., Dr. Sri Minda Murni, M.S., Dr. I Wayan Dirgayasa, M.Hum. as reviewers and examiners for their valuable feedbacks.

To her husband, Dr. H. Dede Ruslan, M.Si. and her children, Rufaidah syafawani, Fadlan Fathurrahman, Alya Rizki Sabrina, for the very special love, care, and encouragement given to her for the success of her study.
To her parents, brothers and sisters for their full support, and prayers. And to her lovely friends, headmaster, and some others, thank you so much for the special encouragement.

Hopefully, Allah pay all of the goodness that have given me and the author expect to this thesis will have advantages to reader and especially for the author.
