Bismillahirrahmanirrahim,

Thanks to Allah the Almighty and Most Beneficial for without his Guidance and Mercy, this thesis would not have been completed. Shalawat and salam for the Prophet Muhammad who brings us from darkness to the brightness. The writer also would like to say her special humble acknowledgment to the following people.

First, she would like to express her best sincere gratitude to Rector of State University of Medan, Bapak Prof. Dr. Syawal Gultom, M.Pd, and Director of Postgraduate School, Prof. Dr. H. Abdul Muin Sibuea, M.Pd. She would also like to express her best sincere gratitude to Ms. Dr. Hj. Ely Djulia, M.Pd, and Mr. Dr. Hasruddin, M.Pd as the first and second adviser for their valuable advice, guidance, constructive comments and precious time spent on supervising and commenting the process of writing until it comes to its present form. Second, her special gratitude goes to the head of Biology Education Program, Mr. Dr. Hasruddin, M.Pd, who has generously encouraged her in completing this study, all lectures, for the valuable knowledge and instruction they have imparted to her during the years studying.

My deepest gratitude goes to Mr. Prof. Dr. rer.nat. Binari Manurung, M.Si, Mrs. Dr. Fauziyah Harahap, M.Si, and Mr. Dr. Rahmad Husein, M.Ed as her reviewers and examiners for their valuable suggestions and corrections of the draft of thesis during seminars and examination.

The writer would also like to say thanks to Mr. Dr. Sahlan Daulay as the Head Master of SMA Negeri 3 Medan who permitted her to conduct the research there. The entire teachers, especially Mrs. Tetty Hariani Hutasuhut, M.Si who gave all the data that the writer needed. Thanks for your permission in using your class during the treatment. Also to all students of XI Science class in 2014/2015 academic year, thank you for your cooperation and attention, and also the school administration staff.

Then, a very special debt of gratitude is directed to her beloved parents, Barani Yakub Siregar, and Elli Wati Rambe, together with her brothers, Ahmad Syahdani Siregar S.Si, Fadhli Dzil Ikram Solohon Siregar, and her younger sisters
Atikah Ghassani Abdiah Siregar, Nikmat Nur Siregar for their full love, care, prays, and never ending spiritual support.

Her endless special gratitudes are specially addressed to her best friends and brother, Chandra Kurniawan Zendrato M.Si and Halim Simatupang, M.Pd for his full understanding, support, and love. The great one is you, my last but not least, to all my friends in Regular Biology Education Class-A, Raja Novi, Mbak Dina, Siska, Bang Al Khudri, Kak Erlia, Dera, Dewi, Kak Dian dan Mahfuzah, Bang Jhonas, dan Amrullah, Kak Elena for your friendship and cooperation. I will do miss all about us, and my best friend (Ubur-ubur) in Himpunan Mahasiswa Islam (HMI).

Finally, the writer admits that this thesis is still far from being perfect so any constructive ideas and critics to improve this thesis are warmly welcomed. She hopes this thesis will always be beneficial for the readers.
