### BAB I PENDAHULUAN

1.1 Latar Belakang .................................................................................................. 1  
1.2 Identifikasi Masalah .......................................................................................... 4  
1.3 Pembatasan Masalah ......................................................................................... 4  
1.4 Rumusan Masalah ............................................................................................... 5  
1.5 Tujuan Penelitian ............................................................................................... 5  
1.6 Manfaat Penelitian ............................................................................................. 5  

### BAB II KAJIAN PUSTAKA

2.1 Kerangka Teori ................................................................................................. 7  
2.1.1 Hasil Belajar IPA .......................................................................................... 7  
2.1.2 Metode demonstrasi ....................................................................................... 9  
2.1.3 Langkah-langkah Metode Demonstrasi ...................................................... 10  
2.1.4 Struktur Batang Dan Fungsinya .................................................................... 12  
2.2 Kerangka Berfikir ............................................................................................. 14  
2.3 Hipotesis Penelitian .......................................................................................... 15  

### BAB III METODOLOGI PENELITIAN

................................................................. 16  

v
3.1. Jenis Penelitian .................................................................................................................................16
3.2. Lokasi Dan Waktu Penelitian ..............................................................................................................16
3.3 Subjek Penelitian ....................................................................................................................................16
3.4. Operasional Variabel Penelitian ............................................................................................................17
3.5 Desain Penelitian ....................................................................................................................................17
3.6 Prosedur Penelitian .................................................................................................................................18
3.7. Alat Pengumpulan Data.........................................................................................................................21
3.8. Teknik Analisis Data ..............................................................................................................................25
3.9. Jadwal Pelaksanaan Penelitian ..............................................................................................................26

BAB IV HASIL DAN PEMBAHASAN PENELITIAN ..................................................................................27
4.1 Gambaran Umum Lokasi Penelitian ......................................................................................................27
4.2 Deskripsi Data Hasil Penelitian................................................................................................................27
4.2.1. Permasalahan....................................................................................................................................28
4.2.2 Deskripsi siklus I..................................................................................................................................30
4.3. Temuan Pembahasan ..............................................................................................................................39
4.4 Pembahasan ..........................................................................................................................................41

BAB V KESIMPULAN DAN SARAN ..........................................................................................................44
5.1 Kesimpulan ............................................................................................................................................44
5.2 Saran .....................................................................................................................................................45

Daftar Pustaka ............................................................................................................................................46
