

LIST OF APPENDIX

	Page
Appendix 1. Innovative learning module of acid – base titration based on curriculum 2013	68
Appendix 2. Syllabus of chemistry subject	69
Appendix 3. Lesson plan of experiment and control class	72
Appendix 4. Spesification table of student’s achievement test	87
Appendix 5. Instrument Test	100
Appendix 6. Key Answers	106
Appendix 7. The questionnaire for trial the innovative learning module of chemistry on the topic of acid –base titration	107
Appendix 8. Descriptive analysis of high school bilingual chemistry textbook	108
Appendix 9. Calculation of validation test	112
Appendix 10. Table of validity test	113
Appendix 11. Calculation of reability test	115
Appendix 12. Table reability test	116
Appendix 13. Calculation of difficulty level test	118
Appendix 14. Table of difficulty level test	119
Appendix 15. Calculation of discrimination index test	121
Appendix 16. Table of discrimination index test	122
Appendix 17. The questionnaire for trial the innovative learning module standarization by chemistry lectureres of States University of Medan	125
Appendix 18. The questionnaire for trial the innovative learning module standarization by teachers of MAN 2 Model Medan, Man 1 Medan, and SMAN 5 Binjai	126
Appendix 19. The questionnaire for trial the innovative learning module standarization by students of MAN 2 Model Medan	127

Appendix 20. The questionnaire for trial the innovative learning module standarization by lecturer, teachers, and students of MAN 2 Model Medan, MAN 1 Medan, and SMAN 5 Binjai	128
Appendix 21. Table of grouping class (high and low group) for three senior high school	129
Appendix 22. Calculation of normality test	135
Appendix 23. Calculation homogeneity test	141
Appendix 24. Calculation of hypothesis test	143
Appendix 25. The percentage average of student's achievement	149
Appendix 26. The Percentage of Effectivity	150
Appendix 27. Research Documentation	151
Appendix 28. Letters of Administration	168
