

ACKNOWLEDGEMENT

First and foremost, All praises be to Allah Subhanahu wa Ta'ala, on Whom ultimately we depend for sustenance and guidance. The writer appreciation goes to all people that have assisted her throughout the completion of this thesis. It would be impossible to list all names, as well as expressing apology that she could not mention personally one by one. But several people deserve her sincere and special thanks.

She would like to express the deepest gratitude to her supervisor, Dra. Martina A. Napitupulu, M.Sc., whose her expertise, understanding, and supporting with guidance and suggestions, added considerably to the writer graduate experience. Her enormous appreciation is addressed to Drs. Tri Harsono, M.Si., the head of Biology Department, Prof.Dr.rer.nat. Binari Manurung, M.Si., the coordinator of Bilingual Program, and Mr. Samsuddin for his administrative assistance. She sincerely wishes to acknowledge Prof. Dr. Herbert Sipahutar M.S., M.Sc., Dra. Martina Restuati, M.Si., Dra. Meida Nugrahalia, M.Sc., as her examiners, for the valuable inputs to be included in this thesis.

Special thanks are extended to Drs. Lazuardi, M.Si., as academic supervisor, as well as to Dra. Miroh Mayanur, M.Pd., the headmaster of SMA Negeri 1 Babalan, Dra. Siti Zulfah, M.Hum., as public relations of SMA Negeri 3 Medan, Biology Teacher of Grade Eleven, Desy Mandasari, S.Pd., and to students' of class XI IPA 2 and XI IPA 3 of SMA N.1 Babalan academic year 2013/2014 for the cooperation during research.

She is indebted to the greatest inspiration, the source of strength, her beloved parents Hasnul Arifin, S.H., and Nirwana Dalimunthe, thank you for being the best parents in the world and forever. Their love is the founding grounds for her love of knowledge. She thanks for always encouraged her to reach for the stars, and always had such faith in her even during the times when she felt exhausted. She is truly indebted to both of them for their warmth. A very big thanks to her lovely brother and sister, Muhammad Fakhri and Hasni Yarti Putri

for always cheering her up and accompanying her grew to the sky. Thanks' for their support and prayers. Thanks for giving her home and family.

Finally, her heartfelt thank goes to Amir Hamzah, for the spirit and being a best friend. She also thanks to her academic sister Helma K. Sihombing, Ika Armila Pulungan, Eka Sari Monica Barus, Shelly Eka Putri, Rafika Novianti, Tiara Tobing, Azlisa Helmi, Hanifah Rizki, Ayu Febriana, and Sri Rahmania for helping her through discussions. Then thanks to Bilingual Biology Education year 2010 for their friendship and cooperation. It would be difficult to find adequate words to convey how much she owes all of them. Lots of love and thank to all of you.

The writer has tried her best to complete this thesis. She realizes there are still many weaknesses that she will be very happy to have critics and suggestions from the readers. It is expected that the thesis would be useful in the development of science education.
