

CHAPTER V

CONCLUSION AND SUGGESTION

5.1. Conclusion

Based on the result using mind map in teaching and learning sensory system topic in class XI in SMAN 11 Medan, It can be concluded that mind Map strategy has significant effect on student learning outcome.

5.2. Suggestion

Based on the conclusion above, it's recommended to :

1. Teacher should apply mind map strategy in teaching and learning sensory system because mean score of student' learning outcome was higher than using conventional method.
2. Mind Map strategy has positive effect on student's learning outcome, even therefore there are many preparation to be prepared before research.
