

ACKNOWLEDGEMENT

Praise and great gratitude to our Almighty God submitted by the writer to the Lord Jesus Christ My Savior for blessings and help to complete this thesis on time.

The thesis which is titled "Comparison of Students' Learning Outcome and Memory Retention Taught by Various Media on Spermatophyte Topic Grade X SMA Negeri 1 Sidikalang" is compiled to complete the terms obtained for my Sarjana Pendidikan from Faculty of Mathematics and Natural Science, UNIMED.

The success of this thesis depends largely on the encouragement and guidelines of many others. I take this opportunity to express my thankful to the people who have been instrumental in the successful completion of my thesis. I would like to say my greatest appreciation to Syarifuddin, M.Sc. Ph.D as my thesis supervisor. I cannot say thank you enough for his tremendous support and suggestion. Another great appreciation is addressed to Dr. Syahmi Edi, M.Si., Drs. H. Tri Harsono, M.Si., and Dra. Meida Nugrahalia, M.Sc., as my examiners, for the valuable suggestions to be included in this thesis and spent precious time in giving the encouragement and comments for this thesis.

I gratefully acknowledges the deepest gratitude to Dr. Fauziyah Harahap, M.Si., as the academic advisor. I also would say thank to all lecturers of Biology Education Bilingual Program, who have gave the valuable knowledge during the completion of my thesis.

Special thanks are extended to Drs. Alben Sianturi as the headmaster of SMA Negeri 1 Sidikalang, Mr. Wahidin S.Pd as Biology teacher of grade ten science classes of SMA Negeri 1 Sidikalang, for the guiding and cooperation during research.

I could not find precious words to represent my grateful thank for my beloved parents Drs. Robert Antonius Sinulingga and Dra. Pintaria Mardiana Siregar, for have given me unfailing support and encouragement during the academic year and the completion of my thesis, also for my beloved grandmother for her advice to me, and also for my lovely brothers and sister, Frans Tangkas

Sinulingga, Feby Monica Sinulingga, Friska Rumli Sinulingga, and Fiona Ulina Sinulingga for always trying to keep me on track whenever and whatever problems I have to overcome.

Last but not least, the attention and lovely support received from my entire best friend in Everlasting Friendship of Biology Biligual '10 Chairany, Melanie, Eska, Hendra, Marta, Herlina, Helma and all friends from Biology Bilingual Program Year 2010 for their laugh, togetherness and friendship. The special thank also delivered to Indah Sri Tarigan for her motivation and love to me.

I have tried to finish this thesis as good as possible, but I am aware there are still many weaknesses of both content and grammar of this thesis. Hopefully, this thesis would be useful to the reader.
