

## ACKNOWLEDGEMENT

First of all, the writer would like to Thanks to ALLAH SWT for Love and grace that has given health and wisdom to the author so this Thesis can be completed properly in accordance with planned time. This Thesis is aimed to fulfill the requirement for the degree of Sarjana Pendidikan at Biology Department, Faculty of Mathematics and Natural Science, State University of Medan.

During the process of writing the thesis, the writer realized that she had many mistaken. Meanwhile, she has been given some suggestions, comments, academic guidance, and moral support from her consultant and others that she would like to express her sincere thanks.

The writer would like to express her great gratitude to Dr. Ely Djulia, M.Pd as consultant for her generous assistance, guidance, advices and valuable time to read and discuss the thesis until it is completed, and thank for being her inspirational person. The author also would like thank profusely to Prof. Drs. Motlan, M.Sc, Ph. D., as dean of the Faculty of Mathematics and Natural Science, State University of Medan, and thanks to Prof.Dr.rer.nat.Binari Manurung, M.Si as Coordinator of Bilingual Program. Dr. Hasruddin, M.Pd, Dra. Meida Nugrahalia, M.Sc, Dr. Syahmi Edi, M.Si. as the lecturer team examiners for their suggestion and constructive criticisms for the revision of this thesis and for Dra. Rosita Sinaga as her academic supervisor who has guided the author during academic program.

My never ending thankfulness is fully to my beloved father Abd. Latif Ibrahim and my mother Lisnahayati for their everlasting love, hopeful prayers in her life, and the entire moral and the financial support that have enabled her to finish her study. Her special thanks and admiration are also due to her sisters, Dini Yunita Sari,SHI, Sri Mardiani Marwan and also my beloved bestfriends Edrini Utami Putri, Ahmad Faisal Nasution, RANSUFA (Hafizah Ilmi sufa, Astari Novita Siregar and Novita Sari) and FunFive (Syuhada,Riady,Amin,Rangga and Iam).

The writer also thanks to the headmaster of SMA Negeri 8 Medan, Drs. Sudirman, M.Si and Biology teacher, Mam Nursita Purba, and all the teachers and student especially XI science 3 and XI science 4 Academic Year 2013/2014 in SMA Negeri 8 Medan who received the presence of the author during research in these classes. And for all my friends in class Biology Bilingual Education 2010 (dewi, eka, frendy, helma, hastika, ika, herlina, edwardy,

melanie, lea, marta, nanda, rani, liza, mbak tri, tiara, hendra) who show the meaning of friendship. The writer also thanks to BioBil 08 ( silvia, raja novi and winny) that give me motivation and suggestion.

The writer had tried as much as possible in the completion of this thesis, but the writer is aware there are still many weaknesses in terms of content and grammar therefore the writer is pleased to receive some suggestions and constructive criticism from readers for the thesis being perfect. Any suggestion for the improvements in the future will be highly appreciated.

Medan, July 2014
