

LIST OF TABLES

TABLE	Page
1.1 The Average Scores of Students' Admittance Test.....	4
2.1 The Summary of Strengths and Weaknesses of Computer Vocabulary Games and Board Games.....	33
3.1 Research Design.....	43
3.2 The Specification of Students' Motivation Test.....	47
3.3 Lykert – Type Scale.....	48
3.4 The Specification/ Descriptor of Students' Vocabulary Mastery Test.....	49
3.5 The Validity of Questionnaire Test Items.....	51
3.6 The Reliability of the Questionnaire Test Items.....	53
3.7 The Content Validity of the Vocabulary Mastery Test.....	53
3.8 The Reliability of the Vocabulary Mastery Test.....	55
3.9 The Activities in Research Procedure of Experimental Group 1.....	58
3.10 The Activities in Research Procedure of Experimental Group 2.....	61
4.1 The Summary of Research Data Description.....	66
4.2 The Frequency Distribution of Students' Scores Taught by Using Computer Vocabulary Game.....	67
4.3 The Frequency Distribution of Students' Scores Taught by Using	

Board Game.....	68
4.4 The Frequency Distribution of Students' Scores who have Intrinsic Motivation.....	69
4.5 The Frequency Distribution of Students' Scores who have Extrinsic Motivation.....	71
4.6 The Frequency Distribution of Students' Scores Taught by Using Computer Vocabulary Game with Intrinsic Motivation.....	72
4.7 The Frequency Distribution of Students' Scores Taught by Using Computer Vocabulary Game with Extrinsic Motivation.....	74
4.8 The Frequency Distribution of Students' Scores Taught by Using Board Game with Intrinsic Motivation.....	75
4.9 The Frequency Distribution of Students' Scores Taught by Using Board Game with Extrinsic Motivation.....	76
4.10 The Summary of the Normality Test Results.....	77
4.11 Results of Homogeneity Test of Games.....	78
4.12 Results of Homogeneity Test of Motivation.....	79
4.13 Results of Homogeneity Test on Group of Interaction.....	79
4.14 Two-Way Analysis of Variance (ANOVA) with 2X2 Factorial Designs.....	80
4.15 The Summary of the Calculation Result of Two-Way ANOVA.....	80
4.16 The Summary of the Scheffe Test Calculation.....	83
