

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusions

Based on the result of the study, the conclusions are dawn as follows:

1. There is an improvement of students' writing descriptive text achievement if it is taught by using mind mapping technique. It is showed by the mean of the students in test 1 (60.46), test 2 (67.5), test 3 (74.06).
2. The students felt more enjoyable and interested in learning writing descriptive text by using mind mapping technique. It is showed by their enthusiasm in writing descriptive text in the two cycles and their responds while they were asked about mind mapping technique.

#### B. Suggestions

Based on the result of this study, the use of the mind mapping technique could improve the students' writing achievement on descriptive text. The following suggestions are offered:

1. to the students, to use mind mapping technique while writing in the class so they can write descriptive text easily.
2. to the teachers, to apply mind mapping technique so that they can improve their students' achievement in writing descriptive text; and
3. to all the readers, may this research bring them into good understanding how to improve the students' writing ability through mind mapping technique.
