

## CHAPTER V CONCLUSIONS AND SUGGESTIONS

### A. Conclusions

Through considering the analysis and determining the types of process in *Juz Amma*, the conclusions are presented as follows:

1. The six types of process are used in *Juz Amma* of Holy Quran. They are Material Process, Mental Process, Relational Process, Behavioural Process, Verbal Process and Existential Process
2. Material Process is the most dominant type used in *Juz Amma* of Holy Quran.
3. From the previous analysis, Material Process is dominantly used in *Juz Amma* of Holy Quran. It means that many surahs in *Juz Amma* of Holy Quran contain about action, activity, things that are doing or happened physically, bodily, and materially.

### B. Suggestions

In relation to the conclusions of this study, there are some suggestions offered:

1. It is suggested that the students should have a good knowledge of the use of process because by analyzing the process it is easier to comprehend the clause.
2. Other researchers who want to make a further research on the same topic are suggested to compare the findings between Holy Quran using English meaning and Indonesian meaning. However, this thesis can be taken as a reference.
