

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the research finding, the researcher concludes that there is significant effect of applying herringbone technique on students' achievement in reading argument text, since students' achievement in reading argument text taught by applying herringbone technique is higher than without applying herringbone technique ($t_{obs} > t_{table}$; $4.95 > 2.00$; $\alpha = 0.05$).

B. Suggestions

Based on the conclusion above, suggestions are put forwarded as follows;

1. The English teachers are suggested to use herringbone technique in their teaching learning process in order to improve students' achievement in reading argument text
2. Since this study is only focused on students' achievement in reading argument text specifically analytical exposition, it is suggested for other researcher to apply herringbone technique to other skill and other genre.
