

ACKNOWLEDGEMENT

Praise and thankful to Allah SWT, for all His grace and blessing that provides health and wisdom to writer, so this study can be done well and accordance with the planned time.

Title of thesis is *“The Development of Teaching Material Based on Science Literation on Salt Hydrolysis for Grade XI Senior High School”* that arranged to obtain the degree of Sarjana Pendidikan in Chemistry Department, Faculty of Mathematics and Natural Science, State University of Medan (UNIMED).

In this opportunity, I would like to express the greatest thanks to:

1. Prof. Dr. Ramlan Silaban, MS as thesis supervisor, thanks for his valuable time spent in giving guidance, advices, motivation and suggestion during the completing process this thesis.
2. Prof. Dr. Retno Dwi Suyanti, M.Si, Dra. Ani Sutiani, M.Si and Dr. Marham Stiorus, M.Si as reviewer counselor for this thesis, thanks for advices, suggestion, guidance and constructive comment in the process of completing this thesis.
3. Thanks also conveyed to Dr. Iis Siti Jahro, M.Si as my Academic Supervisor who always guided me during the lecture and along with Mr. and Mrs. Staff and Lecturers in Educational Chemistry Department especially in Bilingual Study Program of FMIPA UNIMED who have helped me.
4. Great thanks to Dr. Ir. Nurfajriani, M.Si as the validator of instrument test and module in this research and for Dr.Iis Siti Jahro,M.Si, as sthe validator of module in this research and the explanation that related in arranging of thesis.
5. My gratitude also presented to Drs. Sariono, as school principle of SMA N 1 Tebing Tinggi, and Indrawati S.Pd, M.Sc, as vice of school principal who gave permission for conducting the research in the school, and also for all teacher and students in SMA N 1 Tebing

Tinggi, especially for Hasiholan S.Pd and Agustina Sriwahyuni, M.Pd as chemistry teacher that give permit, suggestion, and motivation for me as long as the research is conducted.

6. Special gratitude to the best ever parents in my life, my beloved father Hartono and my beloved mother Sari Delima and Dahliana who always caring, raising and educating me with love and affection. Thanks for the praying, motivation and sacrifices for me, and also thanks to my brother candra hariato and bagas hardianto, so I can complete my first degree in Sarjana Pendidikan (S.Pd/S-1) in this State University of Medan.
7. Thanks also to my beloved friend Mhd. Hadi Farhan with his time, motivation, suggestion, spirit and praying to accompanied and entertained during do the research.
8. Thanks also to beloved sister anggun samosir and vicky amalia) for support and also all whose names that can't be mentioned one by one , the writer would say "thanks for everything, thanks to all my friends in Bilingual Chemistry Education'14 especially for my Gesrek and Beaatiful Squad (Vicky, Hilma, Ayu, Nurfazri, Leni) as guidance, motivation, spirit, suggestions and praying. Special thanks to my kosan unch (Deby nemo, Zullaiha, Yuliana hakim, Mia) for support me during PPL in Tebing Tinggi and thanks for everything.

Finally, the writer hopes this thesis would be useful for those who would like to explore more about the learning strategy that suitable to learn Salt Hydrolysis, especially of the Chemistry Department. I have been doing the maximal effort in the completion of this thesis, but I realize there are many weaknesses in terms of both content and grammar, there for suggestion, and comments are needed for further improvement of this thesis.
