

## LIST OF FIGURES

	<i>Page</i>
Figure 2.1 Classifying an Objective of Conceptual Knowledge	24
Figure 2.2 (a) Given Force,(b) Distance Strain, (c) Compressed strain	25
Figure 2.3 (a) a rubber eraser with a length L and cross-sectional area A is up growing longer by $\Delta L$ by force F, (b) If the cross-sectional area used 2A, the force needed to pull the eraser along the $\Delta L$ equal to 2F.	26
Figure 2.4 Elastic Potential Energy of Spring	29
Figure 2.5 Spring Arrangement is Series	30
Figure 2.6 Spring Arrangement in Parallel	31
Figure 2.7 Spring Arrangement in Series – Parallel	32
Figure 2.8 Young Modulus	33
Figure 3.1 The Scheme of Research Step	40
Figure 4.1 Student answer from experiment class	59
Figure 4.2 Student answer from Control Class	60
Figure 4.3 Graph of pre test post test	65
Figure 4.4 Graph activity per group in experimental class	66
