

## TABLE LIST

	<b>Page</b>
Table 2.1 Indicators of Critical Thinking Ability	14
Table 2.2 The Syntax of Think Pair Share (TPS)	24
Table 3.1 Design of Research	37
Tabel 3.2 Specific Table of Critical Thinking test in Dynamic Electricity Topic	41
Tabel 3.3 The Critical Thinking Ability Rubric Assessment for achievement test	42
Tabel 4.1 Data of student's critical thinking ability pre-test for for experiment and control class	50
Table 4.2 Data of student's critical thinking ability post-test for for experiment and control class	52
Table 4.3 Achievement score of student's critical thinking ability pre-test for each indicator item in experiment class	54
Table 4.4 Achievement score of student's critical thinking ability pre-test for each indicator item in control classes	55
Table 4.5 Achievement score of student's critical thinking ability post-test for each indicator item in experiment class	57
Table 4.6 Achievement score of student's critical thinking ability post-test for each indicator item in control class	58
Table 4.7 Mean of score of student's learning activity scoring	60
Table 4.8 The result of normality test of student's critical thinking ability score in experiment class for pre-test	61
Table 4.9 The result of homogeneity test of student's critical thinking ability score in experiment and control class for pre-test	63
Table 4.10 The result of normality test of student's critical thinking ability score in experiment class for post-test	64
Table 4.11 The result of homogeneity test of student's critical thinking ability score in experiment and control class for post-test	65

Table 4.12 The result of independent t-test of experiment and control class

66

Table 4.13 Data level N-gain of experiment class
