

ACKNOWLEDGMENTS

First and foremost, I would like to express my gratitude to Allah SWT, the Almighty God for His grace and mercy bestowed on me to complete this thesis. I would like to thank my supervisors, Drs. Syarifuddin, M.Sc., Ph.D and Prof. Dr. Herbert Sipahutar, M.Sc for being very supportive and helpful to me when I've struggled so hard to complete this masterpiece of my work, entitled "*The Effects of Visual Mapping and Science-Related Attitudes On Students' Critical Thinking and Problem Solving Skills at MAN 1 Tanjung Pura*". Their inspiration, understanding, tolerant advice and encouragement have been very wonderful and unquantifiable. This really made my work a great learning experience, indeed both of you would never be forgotten in my mind.

I would like to extend my gratitude to Prof. Dr. rer.nat. Binari Manurung, M.Si., Dr. Fauziah Harahap, M.Si., and Dr. Diky Setya Diningrat, M.Si from State University of Medan, North Sumatera for the great part they played on the success of this thesis. I also thank to Dr. Hasruddin, M.Pd., Dr. Martina Restuati M.Si., and Drs. Hudson Sidabutar, M.Si who have validated my research instruments, so that they could be tested and applied to the students. All of you will greatly be remembered and appreciated.

I would like to extend my gratitude to all the lecturers, administration staffs, friends, well-wishers and colleagues of Postgraduate Program of Biology Education, Universitas Negeri Medan, who have shared their knowledge and guidance during my study. I also thank to Zulkarnain Dahri, S.Pd., M.M as a principal of MAN 1 Tanjung Pura and Dra. Umami Kalsum Pelawi as a Biology teacher and to the administration staffs who have given me a permission and facility to conduct a thesis research.

I would like to express my love and affection to my beloved dad, H. Amran Darhany and my mom, Hj. Siti Saedah who have been with me through years, prayed for me each day and night and motivated me to keep struggling on my thesis. I also thank to all my brothers and sisters, Nurul Hasanah, Abdul Rahim, Nazifah, Nurul Akmal, S.S., Nurul Huda, S.Pd., and Muhammad Ihsan, S.E., who have pushed me to continue my study and accomplish my thesis immediately. I own a lot of debts to my beloved family for your moral and

spiritual support. What I could say here is, indeed, you all have done well. I pray that God will continue to bless you all.

And finally, I would like to thank to Prof. William Martin Davies, Ph.D from the University of Melbourne, Australia who have shared his experiences and given me a bunch of relevant journals to support and strengthen my research. I also want to give a warm respect and appreciation to all the keynote speakers from all over the world who have motivated me to do a lot of valuable and meaningful works, inspired me to complete my research and who have one way or another, contributed to the success of this master thesis. Thank you abundantly.
