

CHAPTER V CONCLUSIONS AND SUGGESTIONS

A. Conclusions

The students of SMK Swasta Bandung-2 particularly in audio video technique program need the English reading materials which could support the learning activity and learning environment. After analyzing the data, it was found that:

1. The need analysis from the questionnaire and the interview, it was concluded that the students of audio video technique program in Grade XII at SMK Swasta Swasta Bandung-2 need the appropriate reading materials particularly procedure text about “How to Install CCTV Audio Video System”, “How to Connect Multiple DVR to Monitor”, and “How to Install Car Speaker” in order to increase their knowledge about the use of audio video technique equipment and support their job in the future.
2. The new reading materials were developed by using six phases of Research and Developmental (R & D), they were; 1) Gathering information and data, 2) Analyzing data, 3) Designing materials based on the needs analysis, 4) Validating the new reading materials by experts, 5) Revising the new reading materials based on experts’ suggestions, and 6) Producing final product.

B. Suggestions

In relation to the conclusions, the suggestions are formulated for them as follows:

1. Teacher

In teaching, teacher should consider the students' needs in choosing the learning materials. The learning process can be successful if the reading materials were useful for their daily life and learning environment. The teacher should use the appropriate teaching materials based on the specific vocation which is had by the students. The teacher should develop the reading materials if they found the materials were too general for the students at SMK Swasta Bandung-2 particularly in audio video technique program which had specific needs.

2. Institution

The institution should supervise the teachers and ensure them that the reading materials supported the teaching and learning process. The institution also should find the books which match to the student's needs.

3. Other Researcher

Other researchers should find many references to support in developing reading materials. The question in questionnaire should be considered to give the students' chance to deliver their wants in learning English specifically in reading skill.
