

ABSTRACT

Putri, Mira Andrea. Registration Number: 2131220010. *Social Class in British Society in Jane Austen's Pride and Prejudice*. A Thesis. English Literature, English and Literature Department, Faculty of Languages and Arts, State University of Medan, 2018.

This study deals with social class in British society in Jane Austen's *Pride and Prejudice* novel. The objectives of this study were to find out the impacts of social class toward British society based on the novel *Pride and Prejudice* written by Jane Austen and to describe the reflection of social class toward its society. The study was conducted by using descriptive qualitative method. The data of this research were dialogues and narration in *Pride and Prejudice* novel. The analysis of this study was based on Marxist's concept (1995:25). The findings shows that there were (1) two impacts of social class toward British society found in *Pride and Prejudice* novel, they were pride and prejudice and (2) three types of social classes which were reflected, by the power, wealth, and status.

Keywords: *Social Class, Power, Wealth, and Status*
