

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

A. Conclusion

After analyzing the data, the conclusions are drawn as the following:

1) Based on the research of the grade 11 students at SMK NEGERI 10 Medan, it can be concluded the students were interested to the worksheet and the students were easier to write procedure text after they used the worksheet. So, the worksheet made by the researcher could help the students in learning English. The used of picture and some tasks as a developing worksheet should be able to attractive for the students' imagination and develop their idea to write procedure text. The researcher used the picture for steps in developing writing worksheet, because the picture and some tasks should be able to attractive and appropriate to be applied in the class.

2) The eleventh grade students of SMK NEGERI 10 Medan need developing English worksheet, because they want to improve their ability in writing and master their writing skills. The English writing worksheet should be developed to the due students' need and level. The functional worksheet is developed based on real life situation to fulfill vocational high school students' needs in writing skill.

B. Suggestion

Based on the conclusions, the suggestions are:

1) Suggestion to Students

The students should have a specific writing time each day to practice their ability in English writing skill.

2) Suggestion to English Teacher

The researcher suggested to English teachers to develop and apply student's worksheet as one of the alternative ways to increase the students' writing ability, because the students' worksheet can attract the students to do experimenting with other procedure text.

3) Suggestion to School

In order to provide the appropriate English students' writing worksheet, the product of this study can be selected to be used in the school especially for the students of grade elevent program of culinary.
