ACKNOWLEDGMENT

Great gratitude to The Almighty God, Jesus Christ, for His Strength in His glorious bless which makes him able to do this research and composes this thesis. Being as His son is a miracle which leads his ways of life and goal.

Countless individuals have contributed directly and indirectly to the research and to the completion of this thesis. The writer is deeply indebted to each one, and therefore he would like to express his heartfelt gratitude.

He first wishes to thank his Board of Adviser members: Prof. Dr. Busmin Gurning, M.Pd, his first adviser and the head of English Applied Linguistics Program, and Prof. Dr. Lince Sihombing, M.Pd, his second adviser and the secretary of English Applied Linguistics Program, who had given him a lot of support in their advices to the completion of this research project and thesis. They had made him feels as their sons in their daily love.

This thesis was strongly supported by the valuable suggestions and critics from these great heroes in education, his Board of Reviewer members: Prof. Amrin Saragih, M.A, Ph. D., Prof. D. P Tampubolon, Ph.D, and Dr. Eddy Setia, M.Ed, TESP. who received this proposal and offered the constructive helps. Without them he would not be able to bring this thesis into a final form.

Sincerest appreciation is especially addressed to his beloved parents S. Dakhi and R. Wau whose loves and continuous prayers have always empowered him to contine his study at State University of Medan.

A very special gratitude is addressed to the founder of STKIP and STIE Nias Selatan, Mr. Bambowo Laiya, MA. and Mrs. Sitasi Zagoto, MA., who have provided him a scholarship, without them he bet he would not be able to make

sense of relationships between knowledge and poverty in this life. Their philosophy of life inspires him to make sense of profound meaning of education for good of humanity. Their hard work ethic exemplifies his guiding principles of life and makes him believe that nothing is impossible.

He is enormously indebted to his beloved girl Magdalena Marpaung and close friends Harry (UK) and Steve (USA) who kindly read, helped, shared, and provided some constructive and indispensable critics on this thesis. They had made him understand that he can do everything in God.

Last but not least, he owes a special debt to Mr. Bambowo Laiya, Mrs. Sitasi Zagoto, MA., A. Liri Dachi, and to those who selflessly spared their insurmountable time to facilitate his gaining access to every single empirical data required by this research so that it is feasible and proper to its own extent of academic acclaim, and to his colleagues and friends Drs. Pirhot Munthe, Aslin Habeahan, M.Hum., Lamhot Naibaho, S.Pd., Taosige Wau, M.Sc, and Senadaman Wau, S.Pd. who have always been available for long distance communication whenever he called in discussing this research project.
