

ACKNOWLEDGMENT

Alhamdulillah, all praise and glory to Almighty Allah SWT for blessing the writer to be able to finish the final task in university level, known as thesis entitled with “The Effect of Cooperative Learning Model of Two Stay Two Stray Toward Students’ Biology Interest and Learning Outcome on Cardiovascular System Topic in Grade XI Science MAN Kabanjahe Academic Year 2017/2018.” This final task was one of the requirements for getting the degree of *Sarjana Pendidikan* in Bilingual Biology Education Study Program, Biology Department, Faculty of Mathematics and Natural Sciences, State University of Medan.

The writer would like to express his sincerest gratitude to the thesis supervisor, Mam Dr. Ely Djulia, M.Pd., for her guidance, support, and trust both in research and in personal life, without her guidance, this thesis would not have been possible. The great appreciation is addressed to thesis committees Mr. Dr. Ashar Hasairin, M.Si., Mam Dr. Melva Silitonga, M.S., and Mr. Dr. Mufti Sudibyo, M.Si., for all support and guidance. The writer would like to thank to Mr. Drs. Syarifuddin, M.Sc, Ph. D as academic supervisor during study in State University of Medan.

The writer also thank to Dean of Mathematics and Natural Sciences Faculty, Mam Dr. Martina Restuati, M.Si. and all Faculty members and staff, in particular, The Head of Biology Department Mr. Dr. Hasruddin, M.Pd., and The Coordinator of Bilingual Program Mam Dr. Iis Siti Jahro, M.Si., for plenty of love, support, advice, and knowledge which she spread to me without doubt. Next, the writer would like to thank to Head of Biology Laboratory, Mam Meida Nugrahalia, M.Sc., and all of lecturers, staff in Biology Department and Faculty Level for their support during the study in State University of Medan.

Gratitude is also addressed to Mr. Drs. Hotman Efendi Tanjung, M.MPd., as the headmaster of MAN Kabanjahe, Mr. Iskandar Dinata Ginting, M.Pd., as the biology teacher who had giving me a lot of help during research, teachers and staffs of MAN Kabanjahe, and also big appreciation to the students of MAN Kabanjahe who have responded, reacted, and gave time for the treatments.

Thankfulness for writers’ beloved parents, father Riyanto Tri Harjanto and mother Erni Tasari Harahap, for their everlasting love and support. His sincere

thanks to sisters Yeni Auria Wulandari, Octya Mangesti Dyahtari, Genes Arinta Pratiwi, and families. Thanks to all of friends and communities from Bilingual Biology 2012, Bilingual Study Program Family, Big Family of Biology in State University of Medan, Big Family of Biota Sumatera Utara, Big Family of SMART, Marine Buddies Medan, IYMDS, and Paguyuban Putera Puteri Maritim Indonesia. Deep appreciation also addressed to Mr. Wahidin and family, Bang Ihsan, Bang Ichal, Bang Ibel, Bang Yus, Bang Adlan and Deby Khairani. Last but not least, thanks to all of good people for their help, advice, and support that have enabled the writer to accomplish his study.

The writer had tried as much as possible in the completion of this thesis, but the writer realize that still many weakness in content and gramatically side, therefore the writer is pleased to receive some suggestion and constructive critics from readers in order to present a good quality of thesis. Hopefully this thesis can be usefull to education knowledge.

Medan, December 2018
