

## ACKNOWLEDGEMENT

The greatest praise and thankful to the Almighty God, Jesus Christ for His grace and blessing who always provide health, spirit, strength and everything to the author in finishing this study well.

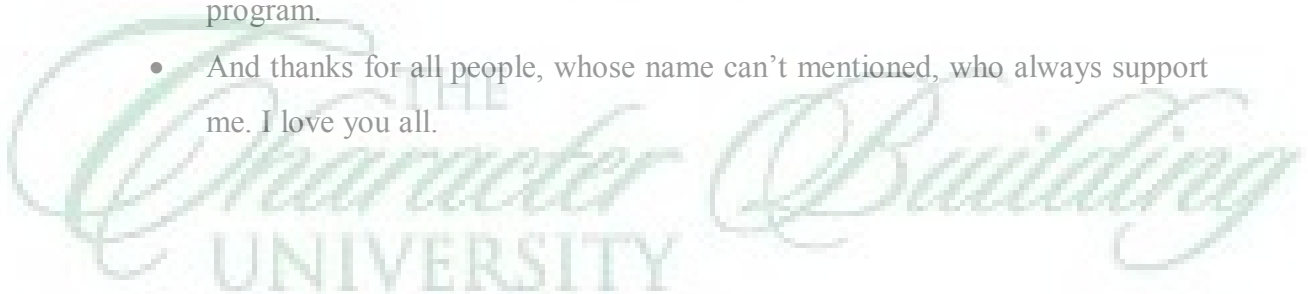

The title of this thesis is “The Influence of Discovery Learning Model using power point Media toward Students' Learning Outcome on Salt Hydrolysis Topic” this thesis is one of the prerequisite to get degree of Sarjana Pendidikan in Educational Department of Chemistry, Faculty of Mathematics and Natural Sciences, State University of Medan.

In this opportunity, I would like to express my greatest thanks to :

- Prof. Dr. Wesly Hutabarat, M.Sc as my thesis supervisor thanks for his valuable time to spent in giving guidance comments and advices during the process of completing this thesis.
- Prof. Dr. Retno Dwi Suyanti, M.Si, Dr. Ajat Sudrajat, M.Si, and Dr. techn. Marini Damanik, M.Si as examiner and author reviewer counselor for their advices, suggestions, guidance and constructive comments in the process of completing this thesis.
- Thanks also conveyed to Prof. Drs. Manihar Situmorang, M.Sc., Ph.D. as author’s Academic Supervisor who always guided author during lecture
- Prof. Dr. Retno Dwi Suyanti, M.Si, as validator research instrument.
- Author would like to said gratitude to Dr. Martina Restuati, M.Si as Dean of FMIPA Unimed, Dr. Iis Siti Jahro, M.Si as the Coordinator of Bilingual Program in FMIPA Unimed, Nora Susanti, S.Si., Apt., M.Sc., as Secretary of Bilingual Program and also Agus Kembaren, S.Si., M.Si as Head of Chemistry Department, and Mr. and Mrs. Staff and Lecturers in Education Chemistry Department especially in Bilingual Study program of FMIPA UNIMED who helped author.
- The author also said thanks to Drs. Sariono as Headmaster of SMA Negeri 1 Tebing Tinggi, Mom Jenny Pasaribu, M.Pd who has given their helping,

motivation and support to finish this research and also to all of students who have rendered their time to standardize the learning material as sample of research

- The deepest and special loving, appreciation, and thank to my beloved parents, for all love, prayer, support, and sacrifice, my beloved father B.Sihombing and my beloved mother A.Silitonga and also to my beloved sister and brother Rensis E. Sihombing and Sardi P. Sihombing who always giving support, love, and laugh. They are my inspiration and spirit in finishing my thesis for beginning to the end. I love u all.
- Special thanks to my best Erwin Saragih, S.Pd who always give me support, motivation and laugh when I'm tired in thesis arrangement not only in my thesis arrangement but also in all my situation. Thank you.
- Also to Elpida, Heppi and Yenni, I'm so grateful to have you, my thesis partner. Thank you always support and also helper during in thesis arrangement.
- Thanks to Upayers (Ayu, Maya, Anggi, Henny, Rio, Pandi, Alfredi, Dwi, Ikhwani) for support and laugh from PPL until now.
- For Unforgettable SG (Ka Friska, Ria, Uli, Yohana, Yuber, Doni) thank you for togetherness and support.
- Greatest thanks to Friska, Desna, Owik, Yunita and all my friends in CESP 2014 for togetherness and always give me the best memory in my educational program.
- And thanks for all people, whose name can't mentioned, who always support me. I love you all.

Finally, the author hopes this thesis would be useful for everyone who like to explore more about the learning material and the motivation and integration to learn Salt Hydrolysis and chemistry generally.
