

LIST OF APPENDIX

	Page
Appendix 1 Syllabus	76
Appendix 2 Review of product	79
Appendix 3 Source code	89
Appendix 4 The Explanation Of The Assessment Instrument For The Development Of The Student Worksheet Using Android On The Material	102
Appendix 5 Questioner Of The Development Of Student Worksheets Using Android On Salt Hydrolysis Material <i>For Media And Contents Experts As Assessor</i>	111
Appendix 6 Questioner Of The Development Of Student Worksheets Using Android On Salt Hydrolysis Material <i>For 3 Teachers As Assessor</i>	112
Appendix 7 The Explanation Of The Assessment Instrument For Students	118
Appendix 8 Questioner Of The Development Of Student Worksheets Using Android On Salt Hydrolysis Material <i>For Students</i>	120
Appendix 9 Table Of The Result Of A Learning Media Quality Assessment Android Based On Material Salt Hydrolysis By Media Expert and Content Expert	126
Appendix 10 Calculation Of The Result Of A Learning Media Quality Assessment Android Based On Material Salt Hydrolysis By Media Expert and Content Expert	124
Appendix 11 Table Of The Result Of A Learning Media Quality Assessment Android Based On Material Salt Hydrolysis By Chemistry Teacher	137
Appendix 12 Calculation Of The Result Of A Learning Media Quality Assessment Android Based On Material Salt Hydrolysis By Chemistry Teacher	150
Appendix 13 Table Of The Result Of A Learning Media Quality Assessment Android Based On Material Salt Hydrolysis By Students Grade XI	151

Appendix 14	Calculation Of The Result Of A Learning Media Quality Assessment Android Based On Material Salt Hydrolysis By Students Grade XI	154
Appendix 15	Research Documentation	157
Appendix 16	Research Letters	162
