

## LIST OF FIGURES

	Pages
Figure 1.1 The Second Problem of Observation Test	5
Figure 1.2 Student's Answer for the Second Problem	5
Figure 1.3 The Third Problem of Observation Test	6
Figure 1.4 Student's Answer for the Third Problem	6
Figure 2.1 Dimensions of Perception Ability	12
Figure 2.2 Dimensions of Visualization Ability	12
Figure 2.3 Dimensions of Rotation Ability	13
Figure 2.4 Dimensions of Relation Ability	13
Figure 2.5 Dimensions of Orientation Ability	13
Figure 2.6 Major Spatial Ability Factors based on Lohman	16
Figure 2.7 Major Spatial Ability Factors based on Carroll	17
Figure 2.8 Result which obtained by students Cooperative Learning	20
Figure 3.1. Procedure of Research	39
Figure 4.1 Histogram of maximum score, minimum score, mean, and standard deviation of both classes	46
Figure 4.2 Histogram of The Average Ability of Students of Every Mathematical Spatial Ability Aspect of Experiment Class I and Experiment Class II on the Posttest	47
