

## ACKNOWLEDGMENT

Alhamdulillah, all praise and glory to Almighty Allah SWT for blessing the writer to be able to finish the final task in university level, known as thesis entitled with “Student’s Perception on IQF Curriculum Based assignments and its Relationship with Learning Achievement on General Biology Course of First Year Science Student of FMIPA Medan State University.” This final task was one of the requirements for getting the degree of *Sarjana Pendidikan* in Bilingual Biology Education Study Program, Biology Department, Faculty of Mathematics and Natural Sciences, State University of Medan.

The writer would like to express her sincerest gratitude to the thesis supervisor, Mister Prof. Dr. Herbert Sipahutar, M.S., M.Sc. for his guidance, support, and trust both in research and in personal life, without his guidance, this thesis would not have been possible. The great appreciation is addressed to thesis committees Mam Dr. Ely Djulia, M.Pd. , Mr. Prof. Dr. rer.nat. Binari Manurung, M.Si, and Mr. Drs. Syarifuddin, M.Sc, Ph. D., for all support and guidance. The writer would like to thank to Mr. Prof. Dr. rer.nat. Binari Manurung as academic supervisor during study in State University of Medan.

The writer also thank to Dean of Mathematics and Natural Sciences Faculty, Mam Dr. Martina Restuati, M.Si. and all Faculty members and staff, in particular, The Head of Biology Department Mr. Dr. Hasruddin, M.Pd., and The Coordinator of Bilingual Program Mam Dr. Iis Siti Jahro, M.Si., for plenty of love, support, advice, and knowledge which she spread to me without doubt. Next, the writer would like to thank to Head of Biology Laboratory, Mam Meida Nugrahalia, M.Sc., and all of lecturers, staff in Biology Department and Faculty Level for their support during the study in State University of Medan.

Gratitude is also addressed to Mr. Ahmad Shafwan S. Pulungan, M.Si., as the Chairman of Biology Study Program, Mr. Dr. Juniastel Rajagukguk, S.Si, M.Si., as the chairman of Physic Study Program, Mam Dr. Hamidah Nasution, M.Si as the Chairman of Mathematic Study Program, Mr. Dr. Hermawan Syahputra, S.Si., M.Si as the Chair of Computer Science Study Program and Mam Dr. Destria Roza, S.Si, M.Si as the Chair of Chemistry Study Program who had giving me a lot of help during research, teachers and staffs of

FMIPA Medan State University, and also big appreciation to the students of first year science students who have responded, reacted, and gave time for the treatments.

Thankfulness for writers' beloved parents, father Hasmar Riadi Harahap and mother Nuraini Ritonga, for their everlasting love and support. His sincere thanks to brother Doly Rizky Apriliansyah Harahap and sister Dhea Tania Salsabila Harahap and families. Thanks to all of friends and communities from Bilingual Biology 2015, Bilingual Study Program Family, Big Family of Biology in State University of Medan, Big Family of Biota Sumatera Utara. Deep appreciation also addressed to Bou Henni and family, Kak icha, Miska, Mega, Hanum and Bang Riansyah Sigit Kurniawan. Last but not least, thanks to all of good people for their help, advice, and support that have enabled the writer to accomplish his study.

The writer had tried as much as possible in the completion of this thesis, but the writer realize that still many weakness in content and gramatically side, therefore the writer is pleased to receive some suggestion and constructive critics from readers in order to present a good quality of thesis. Hopefully this thesis can be usefull to education knowledge.

Medan, August 2019
