

## ABSTRAK

**Nurul Kusuma Wardani Hutasuhut, 8156192043**, Pengembangan Bahan Ajar Menulis Puisi dengan Teknik Teratai untuk Siswa Kelas X MAS Tahfizhil Qur'an Medan, 2020

Judul tesis ini adalah pengembangan bahan ajar menulis puisi dengan teknik teratai untuk siswa kelas X MAS Tahfizhil Qur'an Medan merupakan penelitian pengembangan. Tujuan penelitian ini untuk mendeskripsikan pengembangan, kelayakan, dan efektivitas bahan ajar tersebut. Pengembangan bahan ajar ini menggunakan model 4D oleh Thiagarajan yang memiliki 4 tahapan, yaitu: (1) *define* (pendefinisian), (2) *design* (perancangan), (3) *develov* (pengembangan), dan (4) *disseminate* penyebarluasan. Berdasarkan hasil kelayakan bahan ajar yang telah dilakukan oleh validator ahli materi dan ahli desain serta uji coba lapangan diperoleh nilai rata-rata untuk materi 85,70% (sangat baik) dan desain 91% (sangat baik) dengan total rata-rata keseluruhan validasi 88,35% (sangat baik). Selanjutnya, uji coba lapangan diperoleh hasil yaitu (1) uji coba perorangan 89,44%, (2) uji coba kelompok kecil 86,85%, dan (3) uji coba kelompok terbatas 93,88%. Efektivitas penggunaan bahan ajar menulis puisi dengan teknik teratai untuk siswa kelas X terdapat pada kegiatan *pretest-posttest* dan uji gain. Perolehan rata-rata hasil *pretest-posttest* menulis teks eksposisi adalah 68,70 dan 83,55. Selanjutnya, perolehan hasil uji gain yaitu 3,33% kategori tinggi, 93,34% kategori sedang, dan 3,33% kategori rendah. Berdasarkan hasil perolehan data penelitian dapat disimpulkan pengembangan bahan ajar menulis puisi dengan pendekatan teknik teratai untuk siswa kelas X MAS Tahfizhil Qur'an Medan layak untuk digunakan.

*Kata Kunci: Bahan ajar, hand out, puisi, dan teknik terata*

## ABSTRACT

**Nurul Kusuma Wardani Hutasuhut, 8156192043**, Development of Poetry Writing teaching materials with Lotus Techniques for Class X MAS Tahfizhil Students in Medan.

The title of this thesis is the development of teaching materials for writing poetry with lotus techniques for students of class X MAS Tahfizhil Qur'an Medan is a research development. The purpose of this study is to describe the development, feasibility, and effectiveness of these teaching materials. The development of this teaching material uses the 4D model by Thiagarajan which has 4 stages, namely: (1) define, (2) design, (3) develop (development), and (4) disseminate dissemination. Based on the results of the feasibility of teaching materials that have been done by the material expert and design expert validator and field trials obtained an average value for the material 85.70% (very good) and design 91% (very good) with a total overall validation of 88,35% (very good). Furthermore, field trials obtained results, namely (1) individual trials of 89.44%, (2) small group trials of 86.85%, and (3) limited group trials of 93.88%. The effectiveness of using poetry writing teaching materials with lotus techniques for class X students is found in the pretest-posttest and gain test activities. The average acquisition of the results of the pretest-posttest writing exposition text is 68.70 and 83.55. Furthermore, the results of the gain test are 3.33% in the high category, 93.34% in the medium category, and 3.33% in the low category. Based on the results of the acquisition of research data, it can be concluded that the development of poetry writing teaching materials with the lotus engineering approach for approach for Grade X MAS tahfizhil Medan student is feasible to use.

*Keywords: teaching materials, hand outs, poetry, and lotus techniques*
