

## ACKNOWLEDGEMENT

This thesis has been written in partial fulfillment of the requirement for the degree of Magister Humaniora in English Applied Linguistics, Graduate Program, The State University of Medan (UNIMED). Thank Almighty Allah for your amazing mercy, endless love, and ceaseless guideline so I can accomplish this thesis.

This thesis would not have been brought into existence without the help of several people. On this account, the writer would like to express his sincere indebtedness to those who have given him valuable advice, suggestions, and guidance in the writing of this thesis.

First and foremost, he wishes to express his heartiest gratitude to Prof. Dr. Busmin Gurning, M.Pd, his first adviser as well as the Head of LTBI and Dr. Sri Minda Murni, M.S, his second adviser as well as the Secretary of LTBI, for their generous assistance, advice, and precious time spent on correcting the thesis manuscripts. His special thanks also go to his reviewers Prof. Dr. Lince Sihombing, M.Pd, Dr. Siti Aisyah Ginting, M.Pd, and Dr. Zainuddin, M.Hum, for their continuous constructive criticism, corrections, and suggestions on the manuscripts during the thesis proposal seminar and the research result seminar. The writer's warm and sincere thanks also go to all lecturers who have assisted him with their knowledge and experience during his academic years at the institution. His truthful thank is also given to Mr. Farid and all the administration staffs in Magister Program for their cheerfulness, cooperation and friendliness in dealing with him.

Further, the writer forwards his hearty thanks and appreciation to his lovely mother Satimah for her sincere affection and wishes and to his beloved wife Ria Rahma, S.Pd, and his lovable baby son Willdan IQ Al-Jauzy, for their everlasting supports in the course of his studies and to all his classmates who cannot be written one by one for their help to improve the manuscript as well as their constructive criticism.

Finally, he is fully aware that this thesis is not yet on its best format; therefore, any constructive criticism and advice from readers aimed at it for further improvement will be highly appreciated and warmly welcome, so that it can give significant contribution to the study of acquisition of Indonesian clause complexes .
