

## CHAPTER V

### CONCLUSSIONS AND SUGGESTIONS

#### A. Conclusions

Referring to the discussion of the research in the previous chapter, and comes to this following conclusions:

1. The frequency were 83 data of politeness strategies appeared in the ten of Ria Ricis' Youtube Videos. The most dominant type of politeness strategies is positive politeness strategy was (48%). The percentage of Bald On Record strategy was (29%). The percentage of Off Record strategy was (10%). The lowest percentage of politeness strategies is Negative Politeness with (11%).
2. The realization from the Ria Ricis' YouTube account which were four types of politeness strategies which are Positive Politeness, Bald On-Record, Off Record, and Negative Politeness. Politeness strategy is the strategy of how people lessen the threat to other's face. Bald on record also commonly found in people who know each other very well and are very comfortable in their environment, such as between close friends and families. Negative politeness is applied to create a communicative relationship by making a space between speaker and hearer. Off Record is used to show someone's face wants indirectly. This type of strategy employs indirect uses of language which has more than one interpretation.

3. The reasons why the types of politeness strategies using in Ria Ricis' YouTube account, instead of each politeness strategies has sub-strategies which explained those utterance contained politeness strategies. There are Cases of non-minimalization or the face threat and Cases of FTA-oriented in Bald On Record. Positive Politeness has noticing, exaggerating, intensifying interest to hearer, seeking agreement, joking, asserting or presupposing knowledge, offering or promising, being optimistic, including both S and H, giving or asking for reasons, and giving gift to H. In Negative Politeness has being indirect, questioning using hedge, being pessimistic and apologizing. Lastly, Off Record has giving hints, giving association clues, overstating, using contradiction, being ironic, using metaphor and being ambiguous.

### **B. Suggestions**

By considering the conclusion mentioned above, it was formulized some suggestions as follows. After analyzing the data and summarizing the conclusion, researcher suggests to linguistics students who want to do a research in pragmatics approach, to deeply explore about conceptual politeness strategies theory, for instance, observing other media or clues such as event or ceremony to find the types of politeness strategies.

It is hope the future researcher can also do the same research by investigating of Ria Ricis' Youtube Account on other participants for comparison. Based on the findings of the study, the researcher suggests that further research provide deeper investigations, especially on the concept of politeness strategies.
