BIOGRAPHY

Ade Kurnia Putri Tanjung, the author of the thesis entitled "Development of Animation Video Media (PowToon) in Chemistry Learning Based on Religion" was born on Senangin Street, the name of an area in the city of Pematangsiantar, North Sumatra on August 7th, 2000. The author is the fourth child of four children from the couple Bukhori Tanjung (Father) and Siti Kheiriah Pulungan (Mother). The author started his formal education at State Elementary School 124394 Pematangsiantar in 2006 and graduated in 2012. After elementary school, the author continued his education at State Junior High School 4 Pematangsiantar in 2012 and graduated in 2015. Then the author continued his studies at State Senior High School 5 Pematangsiantar in 2015 and graduated in 2018. In the same year, in 2018, the author continued his studies at Medan State University with the Department of Chemistry through the SBMPTN and became one of the students in the Bilingual Chemistry Education Study Program, Faculty of Mathematics and Natural Sciences. On January 18, 2022, the author was declared to have passed the thesis defense examination, and was entitled to use a Bachelor of Education (S.Pd) degree. While studying at UNIMED, the author was active in organizational activities in the form of FORSIMKA in the form of a chemical Muslim friendship forum and FODIM which was engaged in student debate and scientific research. During his studies, the author participated in national and international seminars and played an active role in conducting activities in universities. The author is also active in the committee for national and international seminars organized by the Department and as a committee in the Scientific Writing Competition organized by the Department. The author has also been a speaker at a national seminar organized by the Department. Outside of campus activities, the author graduated from the "Kampus Mengajar II" program by serving for 5 months at Elementary School Masehi Deleng Buntu, Deli Serdang district.
