

ACKNOWLEDGEMENT

Praise and gratitude the author goes to the presence of Allah SWT who has bestowed His grace, guidance, opportunity and convenience, so that the author can work hard and be able to complete the thesis entitled "Development of Animation Video Media (PowToon) in Chemistry Learning Based on Religious". The writing of this thesis is one of the requirements to achieve a Bachelor's degree in Chemistry Education Study Program, Department of Chemistry, Faculty of Mathematics and Natural Sciences, Medan State University can be completed.

The preparation of this thesis could not be separated from the help, encouragement and guidance from various parties, therefore, the authors humbly thank those who are:

1. Dr. Syamsul Gultom, SKM., M.Kes. as the Chancellor of the State University of Medan who has given the author the opportunity to complete his studies at the State University of Medan.
2. Prof. Dr. Fauziyah Harahap, M.Si as the Dean of the Faculty of Mathematics and Natural Sciences, State University of Medan who has provided smooth administration to the author so that this thesis can be completed.
3. Dr. Jamalum Purba as Deputy Dean for Academic Affairs, Faculty of Mathematics and Natural Sciences, State University of Medan, who has provided smooth administration to the author so that this thesis can be completed.
4. Dr. Ayi Darmana, M.Si as the Head of the Chemistry Department, Faculty of Mathematics and Natural Sciences, State University of Medan who has provided smooth administration to the author so that this thesis can be completed and as a supervisor who has devoted his thoughts and time and always provides suggestions, criticism and motivation to the author so that this thesis this can be resolved.

5. Dr. Zainuddin Muchtar, M.Si as the Head of the Faculty of Mathematics and Natural Sciences, Medan State University who has provided smooth administration to the author so that this thesis can be completed.
6. Dr. Ely Djulia, M.Pd as the Bilingual Program Coordinator of the Faculty of Mathematics and Natural Sciences, State University of Medan who has provided smooth administration to the author so that this thesis can be completed.
7. Dr. techn. Marini Damanik, M.Sc., as the Secretary of the Bilingual Program, Faculty of Mathematics and Natural Sciences, State University of Medan, who has provided smooth administration to the author so that this thesis can be completed.
8. Dr. Ani Sutiani, M.Sc., as the First Examiner, who has provided suggestions, improvements and directions in the improvement of this thesis.
9. Prof. Dr. Ramlan Silaban, M.S., as the Second Examiner, who has provided suggestions, improvements and directions in the improvement of this thesis.
10. Elfrida Ginting, S.Si., M.Sc., Ph.D., as the Third Examiner, who has provided suggestions, improvements and directions in the improvement of this thesis.
11. Moondra Zubir, S.Si., M.Si., Ph.D., as an Instrument Validator who has provided suggestions, improvements and directions for questionnaires and test instruments.
12. Siti Rahmah, S.Pd., M.Sc., as Instrument Validator, Media Validator and Material Validator who has provided suggestions, improvements and directions for media, questionnaires and test instruments.
13. Haqqi Annazili Nasution, S.Pd., M.Pd, as Media Validator and Material Validator who has provided suggestions, improvements and directions to the media.

14. Bambang Hardian Damanik, S.Pd., as the Principal who has given permission to carry out research at Al Ulum Terpadu Islamic Senior High School Medan.
15. Hildani Sari Hrp, S.Pd, M.Hum., as Deputy Head of Student School who has given permission to conduct research and assist all administrative needs at Al Ulum Terpadu Islamic Senior High School Medan.
16. Drs. Arief Ridwan, as a Chemistry Teacher at Al Ulum Terpadu Islamic Senior High School Medan for his assistance during research at grade X MIA 1 and as an Instrument Validator, Media Validator and Material Validator who has provided suggestions, improvements and directions to media, questionnaires and instruments test.
17. The students of grade X MIA 1 Al Ulum Terpadu Islamic Senior High School Medan who have participated in this research.
18. To all Bilingual Chemistry Education Department Staff and Faculty of Mathematics and Natural Sciences staff.
19. To the writer's parents, namely Bukhori Tanjung and Siti Kheiriah Pulungan, who have sincerely struggled for the sake of the researcher, patiently listening to the complaints of the researcher, giving encouragement both in real and material form, and praying unceasingly for the success and happiness of the author.
20. To the writer's siblings, namely Yuli Rodiusri Putri Tanjung, Heru Septiawan Tanjung and Bobby Ansyori Tanjung who always give prayers, encouragement and motivation to the author.
21. Johandre Ilham Rajagukguk as a close friend who always gives prayers, encouragement, motivation to the author and helps in working on the animation video media in this research.
22. To my best friends Putri Nahdly Purba, Lin Arshy Cahaya and Fitri Amalia who always give prayers, encouragement and motivation to the author.

23. All friends of the Bilingual Chemistry Education Department 2018 who always provide support, enthusiasm, togetherness and the most beautiful memories to the author.
24. All parties that the author cannot mention one by one who directly or indirectly have helped the smooth and easy preparation of this thesis proposal.
25. Last but not least, I wanna thank me I wanna thank me for believing in me, I wanna thank me for doing all this hard work I wanna thank me for having no days off, I wanna thank me for never quitting, I wanna thank me for always being a giver and tryna give more than I receive.

The researcher realizes that there are still many errors in both content and grammar. Therefore, the researcher expects suggestions and constructive criticism for the perfection of this research. May Allah bestow His mercy and guidance on the kindness of all those who have helped in the completion of this thesis. Finally, criticism and suggestions from all parties are expected. Hopefully this simple work can be useful for the world of education in particular and society in general.
